CUBA OBSERVES HER NATAL DAY

First Anniversary of New Republic's Independence is Celebrated.

FOURTH OF JULY AFFAIR

All Business in Havana is Suspended—Secretary Root's Congratulations.

Havana, May 20.—The celebration of Cuba's independence day, the first anniversary of the establishment of the Cuban republic, began at midnight with the illumination of the fronts of the principal clubs, the sending up of rockets and the screeching of steam whistles. The weather today was ideally clear, even for Cuba, and a pleasant ocean breeze tempered the heat and gave an animated appearance to the flags and bunting displayed in all directions. Business was completely suspended and the streets were thronged with people.

President Palma, accompanied by the cabinet officers and city and provincial officials, drove to the punta, where he reviewed the members of the police and fire departments and then, accompanied by Secretary of State Zaldo, he was driven up the prado to the palace, continually acknowledging the salutations of the crowds which lined that thoroughfare.

At noon the guns of Cabanas fortress announced that exactly a year had elapsed since the birth of the Cuban republic and immediately thereafter the rural guards and artillery paraded on the plaza in front of the palace and were reviewed by the president.

During the review of the troops United States Minister Squiers was the only foreigner in the president's party, which occupied the central balcony of the palace. Standing on the president's right, between Senor Palma and Secretary Zaldo, dressed in a gray business suit, the American minister was a most conspicuous figure, his clothes contrasting with the black suits of the president and cabinet officers and with the blue uniforms of the military officers.

The feature of the review was the smart appearance of the mounted rural guards, who were enthusiastically cheered.

Dispatches received here from several of the Cuban cities indicated that the holiday was universally celebrated throughout the island.

ROOT'S CONGRATULATIONS.

Washington, May 20.—Secretary Root today sent to President Palma, of Cuba, the following telegram of congratulation:

"Accept hearty congratulations upon the first anniversary of the establishment of the independent government of Cuba and upon the strength and wisdom with which you have conducted your great office. The year of successful administration and respect for law has confounded the enemies of Cuba and strengthened the courage and hope of her friends. You have my sincere and earnest wishes for continued prosperity."

Secretary Root received the following reply from President Palma:

"Havana, May 20, 1903.—Hon. Elihu Root, Secretary of War, Washington, D. C.: The government and people of the United States are entitled to the everlasting gratitude of the people of Cuba, who midst the happiness they enjoy today do not forget how much they are obliged to the American people for the share they took in helping to gain independence and freedom, and send to them, through me, their sincerest wishes for the uninterrupted prosperity of the great republic and the personal welfare of President Roosevelt and the members of his cabinet. At the same time I send you and family the warmest testimony of my sincere friendship.

"T. Estrada Palma."

Senor Quesada, minister from Cuba, is very enthusiastic over what has been accomplished by the independent government during the year, and especially because all the predictions of disaster have failed of realization.

"In the year that Cuba has been under a government of her own," said the minister, "there have been no disorders, no scandals and a prosperity which shows an honest, capable and efficient administration. It shows that Cuba has been able to do what she promised and take her place among the nations of the earth. When the United States turned the island over a year ago there was about half a million dollars in the treasury; now there are three millions surplus, with all debts and expenses paid. While this surplus has been increasing, schools have been maintained and educational facilities have been increased, sanitation has been kept up and provision made for improvements of many kinds. The good order maintained in the island has been of great advantage in encouraging American capital to go into the island, build railroads and develop its industries. One thing of which very little is known is the establishment of large hotels at different places, which will make Cuba one of the great winter resorts of the world. The year has been most gratifying to Cubans and all who are interested in her continued prosperity and welfare."

PRESBYTERIANS HAVE TAKEN LOS ANGELES

General Assembly Begins Tomorrow—Preliminary Meetings Held.

Los Angeles, Cal., May 20.—With the arrival today of more than a hundred car loads of commissioners, their wives and a large number of laymen on several trains over both overland roads and on all regular trains from all parts of California, the one hundred and fifteenth general Presbyterian assembly was fairly inaugurated. At 6:45 this morning two special trains bearing assembly commissioners arrived from Boston. During the day they were followed by large delegations from Philadelphia, New York, Pittsburg and Chicago, the last being due to arrive late tonight. All trains were met by members of the reception and entertainment committees which have worked early and late during the past few days to provide places for the throng that will be in attendance. Headquarters for the officers of the assembly were established at the Westminster hotel. Although the work of the main body does not begin until tomorrow there was a large attendance at the sessions of the board of foreign missions, presided over by Rev. Dr. Thomas Marshall, of Chicago, field secretary of the board. The deliberations of the board were opened by an address by Rev. Dr. Henry Vandyke, moderator of the assembly, and continued throughout the day.

Women of the Presbyterian church held separate sessions at the First Presbyterian church at which both home and foreign missions will be discussed. Reports of the officers of those two bodies will furnish the principal subjects. An interesting feature of these meetings will be the report of Mrs. I. M. Condit, state secretary of the Occidental board, which organization established the Chinese mission home in San Francisco.

One of the subjects that will come before the general body and which will attract wide attention is a resolution said to have already been framed against United States Senator Reed Smoot, of Utah.

Dr. William S. Young, chairman of the local press committee for the general assembly, states that the matter will be brought up, probably in connection with reports of the home missionary work and that resolutions against the encouragement of Mormons in America will be passed. These resolutions, it is expected, will deal specifically with the case of Senator Smoot.

DESPERATE EFFORT TO GET JETT FREE

Attempt to Get Him to Jackson Again Foiled by the Winchester Court.

Lexington, Ky., May 20.—Another evidence of the desperate determination ofCurtis Jett to get back toJackson, Ky., was shown in the attempt to get him out of jail or Boone's hands at Winchester today by serving another warrant on him. Attorney Stevenson presented to Sheriff McCord a warrant, sworn out at Jackson by Squire Edwards charging "murder in Breathitt county." McCord prescnted it to Boone, but he refused to surrender Jett. Stevenson then had Boone brought into court to show cause why he would not give him up. The court gave Boone till June 4 to answer, thus checking the plan of Jett's attorneys.

SLAIN BY THE HEAT.

New York, May 20.—Two school children, a boy and a girl, died on the street in Brooklyn today from the effect of the heat. There were three cases of heat prostration reported in this city. The thermometer at noon today was 87.

THE MOB LYNCHED THREE ASSASSINS

White Dive Keeper and His Negro Hirelings Killed in Florida.

VICTIM A PROHIBITIONIST

Had Fought Saloons in Late Election and He Was Waylaid and Slain.

Tampa, Fla., May 20.—Amos Randall, white, and Dan Kennedy and Henry T. Goldon, negroes, were lynched at Mulberry, Polk county, thirty miles from here, early this morning for the murder of Barney Brown, a white man.

Randall was charged with being an operator of a "blind tiger," and Brown was a prominent advocate of prohibition in the campaign which ended yesterday.

Monday night, while Brown was en route home, he was shot from ambush and his throat cut.

The people of Mulberry became enraged and yesterday secured evidence which led them to believe that Randall had employed negroes to kill Brown.

The three men were taken into custody and one of the negroes confessed that Randall had hired them to commit the crime.

The trio were taken out about 3 o'clock this morning and lynched, their bodies being riddled with bullets.

It is said the work was done by a mob of about fifty unmasked men, many of whom were prominent in the county.

MILK SAMPLES ALL MAKE GOOD SHOWING

Tests by City Health Commissioner Satisfactory—Notes at the City Hall.

Sixty-two samples of milk gathered from wagons of dealers in the city yesterday and today are undergoing an analytical examination at the city hall by Dr. A. H. MacBeth, the city health commissioner. That official stated this afternoon that the showing in almost every case was excellent and that he regarded the present as the most satisfactory general test ever made. In nearly every instance the percentage of the samples was safely above the ordinance requirements.

WILL OPEN BIDS.

The board of public works, at its meeting tomorrow evening, will open bids for a number of improvements. These include a sidewalk on the east side of Wabash avenue from Washington to Humphrey street; on the east side of Grant avenue from Maumee avenue to the Wabash railroad; on the south side of Maumee avenue, from Lillie street to Walton avenue; on both sides of Hayden street, from Hanna to Francis, and on the west side of Warsaw street, from Taber to Suttenfield.

There will also be bids for the construction of a number of alley sewers and remonstrants will be heard on the proposed vacation of several alleys.

NOTES AT CITY HALL.

City Attorney Shambaugh has fled himself to the lakes on a fishing expedition. He will return tomorrow.

The new committee on streets and alleys held its first meeting last evening and devoted considerable time to the petition of East Creighton avenue people, who want the telephone and electric light poles removed from that thoroughfare before it is paved so that the street may be widened. Inasmuch as there are no alleys along a portion of the route where the poles might be set, the committee believes the problem presents some difficulties. The body, however, will make a personal visit to the locality today and inspect the situation.

The board of safety was in consultation with the committee on streets for a time last evening regarding the report of Baker street citizens, who assert that the smoke and soot from the chimneys of the Mondamin Meadows Dairy company is a nuisance. No definite action was taken in the matter.

Building permits have been issued as follows: C. M. Beck, dwelling on Park avenue, $1,800; Mrs. E. D. Gaston, dwelling on Columbia avenue, $3,000; W. M. and C. M. Clutter, dwelling on Columbia avenue, $1,800.

PITCHER MULLIN ARRIVES IN TOWN

Ball Player Seeks to Have Bond Forfeiture Set Aside —Court News

George Mullin, the base ball pitcher under indictment for perjury, and whose bond of $500 was declared forfeited upon his failure to appear in the circuit court when his case was called Monday, reached Fort Wayne at noon today, accompanied by Attorney B. R. Fales, of Detroit. They were in court at the opening of the afternoon session, and Deputy Sheriff Ryan went through the formality of serving the bench warrant upon Mullin in the court room.

The bond on the bench warrant had been fixed at $1,000, but the court, upon motion of the defendant's attorneys, Henry Colerick and R. B. Dreibelbiss, reduced the amount to $500, which bond Mullin gave, Dr. E. J. McOscar again becoming surety for the pitcher.

Mullin's attorneys then moved to set aside the forfeiture of the previous bond which had been declared forfeited on Monday.

The court finally determined to set the case for trial in the latter part of September at a date to be agreed upon, and the matter of setting aside the bond forfeiture also went over until that date.

Attorney Fales says the whole matter at the Detroit end had been left in the hands of the club's attorney, Mr. McNamara, who had been suddenly called to California, and left without having given his associates notice that the case was to be called in court here Monday, and that this fact explains why the young pitcher was not on hand.

FILES NEW AFFIDAVIT.

Richard Erwin, who resides on Rebecca street, today filed with Prosecutor Emrick an affidavit charging Edward Heckler, Louis Tegtmeyer, Edward McCarty, William McCarty, Thomas McCarty, Andrew Ferrell and William Osterman with riot. The disturbance occurred February 21, and the recent grand jury found an indictment against some of the men. It proved that there was an error in the indictment and hence the new affidavit, upon which prosecution will be conducted.

NEWS IN THE COURTS.

Martin Baker, of Woodburn, pleaded guilty in the circuit court today to the charge of public intoxication and was fined $1 and costs.

Joe W. Bell has filed suit in the superior court against Henry G. Sommers and ——— Sommers, on account, demanding $175. Harper & Eggemann are plaintiff's attorneys.

The First National bank sues Mrs. W. H. Fetter and Abraham J. Kesler on note for $100. Vesey & Vesey are attorneys.

The case of W. S. Townsend, assault and battery, has been appealed from Justice Skelton to the circuit court.

Judge Heaton has granted Caroline Knipple a divorce from William T. Knipple, the custody of the children and $500 alimony. In addition to this Mr. Knipple is ordered to pay to the county clerk $5 per month for the support of the younger child until it reaches the age of 14.

Sheriff Stout took Michael McGeary, recently adjudged insane, to the Richmond asylum today.

Mrs. Elizabeth A. Worden was granted by Judge O'Rourke a decree of divorce from Ezra Worden, as well as seventy acres of land and $2,700 as alimony. The parties live in Springfield township and are widely known. They were divorced fourteen years ago, and a year later remarried. This is the second experience, and the wife said it was due to her husband's bad temper. They were married fifty years ago.

The will of John Ross, of Wood county, Ohio, was certified to County Clerk Johnson for record.

Judge O'Rourke has granted Eliza Sandmeyer a divorce from Charles Sandmeyer, and she is permitted to resume her former name, Rice. The plaintiff is also given the custody of two children by a former marriage.

Hattie Swager has filed suit in the superior court against Katie C. McLaughlin and Aaron McLaughlin to quiet title. The demand is $200 and A. E. Thomas is plaintiff's attorney.

In the superior court the Edmunds Electric Construction company has commenced proceedings against Catherine E. Murphy and others to foreclose mechanic's lien. The demand is $75, and Ellison & Keegan are attorneys.

In the case of Ambrose Strobel vs. Zoellers et al., Judge O'Rourke has fixed May 25 as the date for hearing arguments upon the motion to strike the complaint from the files and transfer it to the relic room of the court house.

CENTENARY OF BUCKEYE STATE

Ohio is Celebrating Her One Hundredth Anniversary of Statehood.

IN OLD CHILLICOTHE

Ancient Metropolis Scene of a Notable Gathering and Two Day's Program.

Chillicothe, Ohio, May 20.—The centennial of Ohio's statehood was celebrated here today and will continue tomorrow with all the ceremony made possible by the inhabitants of this "Ancient Metropolis." The state, through the general assembly, made an appropriation and placed the Ohio Historical and Archaelogical society in charge as an executive committee to act for the state centennial committee, which is composed of Governor Nash, General J. Warren Keifer, General Charles M. Anderson, General James Barnett, General B. R. Cowen, David S. Gray, R. W. Manly and Rush R. Sloane, but the "heat and burden" of the day of preparation fell upon Chillicothe. No details of arrangement has been overlooked, and the city welcomes with the loving hospitality of a proud mother, the children who flock to the ancient home.

TWO DAYS' PROGRAM.

The two days' program consists of addresses on historical topics to be delivered in a great tent in the city park, a civic parade Thursday afternoon and a display of fireworks on Thursday night. The decorations are most tasteful. The most striking feature is a court of columns, set in double rows along Paint street, from Main to the park. They are made to resemble white marble—a cylindric shaft set on a square pedestal and surmounted by a spire at a height of 21½ feet. These columns are each decorated by shields and flags and spreading eagles, forming a most charming picture. Three graceful arches at prominent points, also tastefully decorated, add a novel dignity to the scene. Everywhere along the streets floats the American flag, which when the state was born, was the emblem of a brave, but struggling people, beginning a mighty task, but now the ensign of a powerful leader among the nations.

MEDALLION UNVEILED.

At 9 a. m., today the first public act of the celebration took place in the common pleas court room, where a plaster medallion of Edward Tiffin, Ohio's first governor, was presented to the county. Miss Anna Cook, a great grand daughter of the governor, unveiled the tablet and Archibald Mayo made the presentation address. Following came the set program for the day. Governor Nash presided. Mayor Yaple made the address of welcome and General J. Warren Keifer responded for the Historical society. Then followed the historical addresses by Hon. Judson Harmon, of Cincinnati; Prof. Martin B. Andrews, of Marietta; Judge Rush R. Sloane, of Sandusky; Judge M. M. Granger, formerly of the Ohio supreme court; General Thomas M. Anderson, Murat Halstead, former Governor James E. Campbell, of New York; Senator Foraker and General Charles H. Grosvenor.

TO HONOR ST. CLAIR'S MEMORY.

Governor Nash in his address referred to the ingratitude of the republic in the government's refusal, in General St. Clair's old age and poverty, to pay his claim for large sums of money advanced by him for the revolutionary army, and announced that with the approval of his audience he would recommend to the next legislature the erection of a monument to St. Clair's memory, the first governor of the northwest territory. The motion was formally put and unanimously adopted, indorsing the governor's proposition.

Out of compliment to their former associate, Judge M. M. Granger, the members of the Ohio supreme court came from Columbus by a special train in the afternoon to listen to Judge Granger's address on the judiciary of Ohio.

EFFECT OF COMPETITION.

San Francisco, May 20.—The Pacific Mail Steamship company has announced a reduction in oriental freight rates owing to the appearance of a new competing line.

LOUISVILLE MAY WIN.

New Orleans, La., May 20.—The second day's work at the confederate reunion was somewhat belated this morning and at the hour set for the commencement of the proceedings few of the delegates and of the reunion officials were in attendance. The discussion regarding the city for the next reunion took tangible form today. Louisville, Chattanooga, Savannah and St. Louis are all mentioned. Louisville's delegation is working hard and just at present seems to have a little the best of it. Two years ago at Memphis when Louisville was after the convention it seemed to have the best chance until the vote was taken and Dallas won out, so that the situation today is no accurate prediction of the final vote. It was announced this morning by Adjutant General Mickle that General Gordon's health was in a large measure restored and that he would in all probability preside over the remaining sessions of the reunion.

BIG ROLLING MILL NOW A CERTAINTY

Capital Stock is Subscribed, and Final Contracts are Now Being Closed.

Fort Wayne is to have the big rolling mill and it will be the most substantial single addition made to the industries of the city in many years. At a meeting held in the Commercial club rooms Tuesday evening the remainder of the stock necessary was subscribed. Today members of the committee are preparing final contracts with the company for signature and within a few days it is expected that active operations toward the erection of the works will begin. Members of the company say the necessary buildings can be erected in four months and they assure the local stockholders that there will be no avoidable delay.

The success of the business men's committee in this case was a most signal achievement. The new company is to be capitalized at $175,000 and half of this sum, $87,500, is subscribed in Fort Wayne. Last evening additional subscribers came forward and volunteered to take stock sufficient to increase the local holdings to $100,000. Work upon the project has been under way for several weeks and the efforts of the committee from the Commercial club and the Commercial Land company have been tireless and effective. The committee was made up of J. P. Evans, F. S. Hunting, T. F. Thieme, B. Paul Mossman and Robert Millard, while E. F. Yarnelle, H. C. Rockhill, P. A. Randall and other members of the Commercial Land company have devoted much time to the work.

The mill to be removed to this city is a branch of the American Rolling Mill corporation and has been in operation at Muskegon, Mich. W. Y. Moody, of Chicago, president of the company, accompanied by his secretary, C. N. Rollins, was in attendance at the meeting Tuesday evening and gave much valuable information concerning the business. The plant will be located upon the Commercial Land company's addition, and the complete list of Fort Wayne stockholders is as follows:

Evans Bros., Mossman, Yarnelle & Co., Moellering Bros. & Millard, James McKay, Hartman Bros., A. B. Nickey & Sons, of Princeton, Ind., H. C. Rockhill, Reul & Graeter, F. S. Hunting, Thieme Bros., C. SUBMITS TO THE SURGEON'S KNIFE

E. H. Harriman, President of Southern Pacific Undergoes Operation.

HE HAD APPENDICITIS

Patient Stands Ordeal Well and His Recovery is Almost Certain.

New York, May 20.—E. H. Harriman was operated on today for appendicitis. At the conclusion of the operation the physicians announced that it had been successful.

The operation took place at 8 o'clock in the Hotel Netherlands. The patient was laid on a specially constructed platform and the ether was administered to him by Dr. Bennett. The operation proper was performed by Dr. William T. Bull, while the other physicians in attendance were Drs. Walker, Fenton, Janeway, Lyle and Morris, the family physician.

The operation was performed at the hotel because two of Mr. Harriman's children are suffering from scarlet fever and his home is quarantined.

Mr. Harriman was in excellent condition, having taken a drive in the park yesterday afternoon. He was not at all nervous and had no fear that the operation would prove dangerous.

Miss Mary Harriman has been her father's nurse since his return from his western trip. She was at the Netherlands, in an adjoining room, during the operation.

When the appendix was removed it was found to be very much inflamed. The operation was made at the request of Mr. Harriman, who said he did not want to run the risk of a recurrence of the attack, which might come at an inopportune time.

PATIENT IS RESTING.

The following bulletin was issued this afternoon by Drs. Lyle and Morris:

"Mr. Harriman's condition is very satisfactory. Resting quietly. Pulse and temperature normal.

"L. R. Morris, M. D.
"W. G. Lyle, M. D."

Dr. Lyall, who was an attending physician at the operation, said:

"The operation on Mr. Harriman was performed by Dr. Ball. It was very successful. The condition of the patient was favorable. The appendix was slightly inflamed, but no pus was found. It was a very clean case. Recovery is almost certain. Mr. Harriman is expected to be out in fourteen days. The operation took an hour. An incision of about two inches was made."

FOOT CRUSHED BY TRUCK.

Will F. Hibbins, living on Swinney avenue, and employed in the offices of Mossman, Yarnelle & Co., had his foot badly crushed by a hand truck loaded with 3,000 pounds of iron, this morning. One of the small bones was fractured and the injury will incapacitate Mr. Hibbins for work for some time. Dr. B. V. Sweringen dressed the injury.

ASSASSINATION WAS AN ACT OF REVENGE

Death of Governor of Russian Province at Ufa Grew Out of Old Trouble.

Ufa, European Russia, May 20.—The assassination of Governor Bogdanovitch in the town park here yesterday was apparently an act of revenge growing out of the riot at Slatusk in March last, when twenty-eight persons were killed and fifty others were wounded by gendarmes and troops. Details of the governor's assassination show that he was walking alone among the crowds in the park yesterday afternoon when he was approached in a shady lane near the church by two men, one of whom bowed and handed Bogdanovitch a packet. While the governor was examining it the men drew revolvers and riddled Bogdanovitch with bullets, no less than nine being lodged in his breast and spine. The governor died on the spot. The church watchman ran to the scene on hearing the firing, but was unable to stop the assassins, who escaped by threatening to shoot all who barred their way.

Bogdanovitch had been governor of the province for six years and was generally popular.

PROTEST AGAINST KILLING OF JEWS

Mass Meeting Denounces the Horrible Slaughter at Kishineff.

MANY SPEAKERS HEARD

Well Known Citizens Voice Indignation—Resolutions Adopted.

The mass meeting held last evening in the Jewish synagogue for the purpose of voicing a protest against the recent atrocities against the Jews in southern Russia was somewhat of a disappointment in the matter of attendance, the church being less than half filled. Addresses were made by some of the most prominent men in the city and resolutions were adopted denouncing the massacre of defenseless Jews in Kishineff, which will be forwarded to Secretary of State Hay.

RABBI COHN SPEAKS.

Rabbi Cohn presided at the meeting and made the opening address, prefacing his remarks with an expression of disappointment at the small attendance. He said in part:

"It is as men and women that we are gathered together here tonight to protest against the inhuman butchery of the innocent Jewish subjects of the czar. These deeds which have aroused our indignation are not merely injuries to the Jews, but to the whole civilized world, to humanity as a whole. Count Cassini is very ingenious in putting forth excuses, but I appeal to you, my friends, if they are sufficient to justify the dark deeds of which we have been hearing. Russia is a relic of the despotism of the dark ages; she has been false to the nations she has conquered, Finland, for example, and she is false to the whole world. The time has come when the world is to be aroused at what is going on and Russia must be shown that she can not pursue the course she has been pursuing with impunity. Russia must be taught to be decent. She seeks better commercial relations with us and must reckon with us as a world power, and she must be shown that we cannot tolerate deeds of that kind if she wishes to retain our good will."

MAYOR BERGHOFF'S ADDRESS.

Rabbi Cohn then introduced Mayor Berghoff, who spoke in part as follows:

"I feel highly honored to have been invited to address this gathering tonight, but I shall only give expression to a few of my thoughts and then make room for the more learned and accomplished speakers. What we say and do at this meeting tonight will reach beyond the borders of the city to Washington and in a very short time to the imperial council in Russia itself. It is but recently that we read in the papers that Russia had granted religious freedom to all peoples in the empire, but before the announcement is a month old comes the news of the terrible massacre in Kishineff, and it but shows that Russia is a nation that cannot be trusted. We are all kin; we are all made in the same image and believe in the same God and it is our brethren who were victims of the Russian fanatics. These religious persecutions are as old as the ages, but history does not show an instance of where a people, persecuted for their belief, changed that belief on account of persecution. And as mayor I believe that I voice the sentiment of the 50,000 people of this city when I say we protest against this terrible massacre, whether it was done with or without the knowledge of official Russia, and let us make known our feelings in the matter by sending resolutions to our secretary of state denouncing the outrages."

S. M. FOSTER.

Mr. Foster spoke briefly, expressing horror at the deeds of the Russian mob and a hope that the sentiment of indignation that had been aroused would prevent a recurrence of any deed of the kind. "We extend a welcome to all who are persecuted, without regard to creed or politics, to America, and I think it would be a good plan to provide a fund to enable authorized persons to look after the welfare of those who seek a home on our shores," said Mr. Foster in conclusion.

Rabbi Cohn read letters from Henry M. Williams and Alexander Johnson, expressing regret at being unable to be present and that they were in hearty accord with the spirit of the meeting.

DR. D. W. MOFFAT.

Dr. D. W. Moffat was asked for an expression of opinion by Rabbi Cohn, and in the course of his remarks referred to the poem, "The Bear That Walks Like a Man," by Rudyard Kipling. "I think Kipling has given us in that poem an excellent outline of the character of Russia, and everyone should read it," said Dr. Moffat. "I believe that the czar of Russia would be a better man if he had a chance, but his imperial council will not allow him to carry his good ideas into effect. There should be some way of letting the powers that be in that despotic country know what the sentiment over here is, and our government should convey such an expression of opinion if it can be done without infringing on international law."

JUDGE EDWARD O'ROURKE.

Judge Edward O'Rourke, of the circuit court, was the next speaker. In part he said:

"I am here this evening to join with others in extending sympathy to the survivors of the bloody massacre of the Jews of Kishineff and to condole with the friends of victims of the awful tragedy. Governments, on account of the rules that obtain among them, are restrained in giving expression to the national sentiment in regard to such an occurrence as has brought us together this evening, but the people of the civilized nations, and especially those of the United States, are embarrassed by no such restrains. It is enough for us to know that human beings have been ill treated or oppressed in any part of the world in order to arouse our sympathies and to cause us to utter our protests. We are men, and therefore we cannot be indifferent to any act, measure or policy that affects any branch of the human race. Appealed to, as we are at this time, by the victims and sufferers of riot and disorder, all questions as to race and creed disappear. In this present hour let us send hope and comfort, as far as we are able, to those who need our sympathy and support. Let the world know what the sentiments of the people of the United States are as to the matter that has brought us together. Let us protest, let us condemn, in no uncertain tone. Let us appeal to the justice and humanity of the people of the civilized world that they may unite with us to create a moral force against the misgovernment of Russia, and give expression in positive language to the opinion of the people of the United States that persecution of the Jews should cease. To these matters we cannot be indifferent. When we sympathize with others we improve ourselves and those around us. Our thoughts take wings and reach the objects of our affections and regard. When our words and acts rest on unshaken faith they are potential. All that give support to the cause of humanity will have a certain return to promote their comfort and growth. Jesus says that the kingdom of heaven is within. The manifestation of that divine state is never more abundant than when you are comforting the afflicted, relieving the distressed and forgiving those who have injured you."

Rabbi Cohn then took up the statement made by Count Cassini that the Jews refused to till the soil, and were a race of money-lenders. "In Russia," said Rabbi Cohn, "Jews are not allowed to become land-holders. They are restricted to certain quarters, and have not even the privilege of moving."

REV. J. WEBSTER BAILEY.

"In conversation with a friend of mine today," said Mr. Bailey, "he remarked that the recent massacres in Russia had confirmed his belief in the existence of hell and I am just orthodox enough to think that those who committed the crime should be there now. It may be that the czar is not responsible for all that goes on, but he knows of everything that transpires in the empire twelve hours after it occurs. I wish we had the power and the legal right to say to Russia, 'Thus far hast thou gone, but thou goest no farther.' All nations are in debt to the Jews and in the past centuries governments have appealed to them for financial aid in times of trouble, and but for them many a nation could not have weathered the storms of war. If the Jew is shrewd and can make money, that is to his credit. But when all is said, could not Russia point to our lynchings and burning men at the stake as being equally as atrocious as the massacre of those Jews? Our expression of indignation would have more weight if our own record was clean."

COL. R. S. ROBERTSON.

Col. R. S. Robertson said in part: "I am not an advocate of creed or race. In all my life I have tried to carry out the idea of the brotherhood of man. The statement has been made that we have no legal right to question Russia's action. We have the legal right, but when we exercise it we must prepare for war. In the large cities of the country Russian consuls are stationed and the Russian ambassador is at Washington. These men make a careful report to their government of everything that transpires that may concern Russia directly or indirectly, and the sentiment of every meeting held in this country, great and small, will be known at the Russian court within twenty-four hours. These expressions of sentiment will be respected and will have more weight than a direct protest, for public sentiment is all-powerful and no government, however great, can ignore it."

H. W. LE SAGE TEN BROECK.

Mr. Ten Broeck said that while what had been done could not be undone, a recurrence of the deed could be prevented and he believed that the expression of public sentiment would be all-powerful in checking similar deeds of violence.

JUDGE ALLEN ZOLLARS.

Judge Zollars stated that while the massacre was one of the darkest blots on Russian history, it was not so bad for the Jew after all, for the public sentiment that had been aroused and the universal indignation would act as a preventive of further acts of violence against the Jews.

DR. M. F. PORTER.

Dr. Porter, after expressing horror at the Kishineff massacre, paid a high compliment to the integrity and ability of the Jew. "In all my experiences I never had a Jew beat me out of a doctor bill. I have never seen nor heard of a Jew in the poor house or charity ward of the hospital. If Russia does not treat her Jewish subjects as they should be treated, let them come over here. They make good citizens and we will welcome them."

CONGRESSMAN J. M. ROBINSON.

The closing address of the evening was made by Congressman James M. Robinson. He said in part: "We should congratulate ourselves that we live in a land where all religions are tolerated. Of the twelve hundred million inhabitants of the earth, one-quarter are classed as civilized and Russia is included in this estimate. I think that in view of the recent outrages in Russia this estimate should be revised. Public sentiment is the most potent factor in restraining governments from wrong-doing and all the armies of the Russian empire could not stand against the sentiment of the world. All governments are bound together by certain laws and observances, and one government cannot disregard the sentiments of another nation. The sentiment of the entire civilized world rules against Russia in this thing and she will heed the warning."

C. R. Lane then read the following resolutions, which were unanimously adopted:

"The citizens of Fort Wayne, here assembled in the Jewish temple of this city—being from all churches and various creeds, Jew and Gentile—desire hereby to express our abhorrence of the cruelties and persecutions to which the Jewish citizens of a portion of Russia have been subjected, and to express our sympathy in the strongest manner possible with those who have suffered and are yet suffering on account of their religious faith.

"We earnestly request that the president of the United States may in some manner make known to the Russian government the sentiment of horror and disapproval of the American people which has been expressed in no uncertain tones through the press, in the pulpit and in public assemblies, and which has been remarkably unanimous.

"The inhumanity, the utter barbarism, the indignities and shame to which the Jews of Kishineff have been subjected have aroused a feeling of horror throughout the land, and have so violated our sense of what constitutes civil and religious liberty that we cannot repress this expression of our intense disapproval.

"We desire that the resolutions be engrossed and forwarded to the president.

"Marx Frank,
"R. S. Robertson,
"C. R. Lane."

After the adoption of the resolutions M. Frank thanked the speakers and audience, especially the Christians, for their co-operation in expressing indignation at the Kishineff massacre, and the meeting was adjourned.

DISCOUNT PLOT STORY.

Sacramento, Cal., May 20.—Chief of Police Sullivan discredits the story told by Citizen Frank M. Woodson, who arrested Charles Randleman last night for uttering language which he considered dangerous in view of the fact that President Roosevelt was in the city. "I do not place any reliance in the report," said Chief Sullivan. "I do not think it worth while considering." Randleman was locked up on a charge of carrying concealed weapons. He has the appearance of being an ordinary working man and was somewhat under the influence of liquor. He denied making the remark ascribed to him by Woodson. He said he got the pistol because he had been serving as a watchman at a mine in Siskiou county.

Young people from the city and vicinity comprised a delightful company that recently tendered a surprise party upon Howard Hoke at his home, five miles south of the city. The occasion was a most pleasant one.

STABBED WITH POCKET KNIFE

Elonzo Cohagan Plunges Weapon Very Near to James Barrett's Heart.

QUARRELED OVER CARDS

Barrett Has a Chance for Recovery—Assailant Under $5,000 Bonds.

James Barrett, who owns a feed yard on Pearl street and Maiden lane, is lying upon a cot at St. Joseph's hospital in a very serious condition from a knife wound in his left side. His assailant, Elonzo W. Cohagan, a cigarmaker, 49 years of age, is held under bonds of $5,000 upon a charge of assault with intent to kill, and his hearing has been fixed for May 27.

This is up to date the net result of a sensational stabbing affray on Pearl street, near Harrison, at 8:30 o'clock Tuesday evening. Future developments in the case depend entirely upon the outcome of Barrett's injuries, which were at first thought to be probably fatal. Today the attending physicians say his condition is more promising, and unless unexpected consequences ensue, Barrett will recover.

QUARREL AT CARDS.

The bloody affair is the outcome of a game of "seven-up" in the saloon of Frank Schele, at Pearl and Harrison streets. In the course of the play a dispute arose and some warm words passed between the men, though bystanders paid little attention to it and presumed the disagreement was not of a serious character.

Barrett's story is to the effect that Cohagan finally wanted to fight, and that he replied that he would meet him outside. Cohagan passed out the front door while Barrett took the side entrance. They met on Pearl street, and a swift exchange of blows followed. In a moment Barrett reeled and fell to the street exclaiming:

"That man cut me with a knife; somebody catch him."

A crowd quickly gathered and Cohagan took to his heels, running westward on Pearl street to Maiden lane, south to Main street and into a shed at the rear of the Union house. Officers who were summoned soon located Cohagan, placed him under arrest and lodged him in the police station. In the officers' party were Sergeant Pappert, Officers McKendry and Krueckenberg and Deputy Sheriff J. B. Ryan. The affidavit is filed by Officer McKendry.

WOUND A BAD ONE.

Barrett was carried into the Stockwell drug store, where Dr. Hammond dressed his wound temporarily and directed his removal to St. Joseph's hospital. Here Dr. Hammond and Dr. MacBeth made a more thorough examination, inserted a drainage tube and made the injured man as comfortable as possible. The wound was inflicted with an ordinary pocket knife, very harmless in appearance, but extremely sharp. The weapon had been plunged into Barrett's left side, entering at the left lateral median line through the seventh intercostal space. It perforated into the pleural cavity, allowing the left lung to collapse, and passed within an inch of the heart. The opening through the skin is not more than an inch in length, but the blade after penetrating, had been twisted in such a manner that the deep cut beneath the skin is perhaps three inches in length. Had the knife blade been slightly longer, it would have certainly reached the heart and produced instant death.

Barrett removed to the city about a year ago from Cedar Creek township, where he had been a farmer, and opened a feed yard on Pearl street. Cohagan has resided in the city about twenty years. He was in police court Tuesday morning charged with a violation of the bicycle lamp ordinance. His home is on Laselle street. The knife with which the cutting was done was not found by the police until they made a second search of the man's clothing.

CLAIMS SELF-DEFENSE.

Cohagan has retained Attorney P. B. Colerick to defend him, and when the case was called in municipal court this morning the preliminary hearing was continued until May 27, at 8 o'clock, to await the outcome of Barrett's injury.

Upon the advice of his attorney, Cohagan would talk but little of the affair, further than to say that he had acted in self-defense, and did not use his knife until after he had been attacked by Barrett.

Several friends of the prisoner were in court with him, and left at once to seek bondsmen for him. Attorney Colerick said his client expected to be able to furnish the required bond during the morning. Cohagan, it is said, has never before been charged with a serious offense.

CALIFORNIA OIL FIELD IS INEXHAUSTIBLE.

Beaumont No Comparison—Many Local Financiers Are Investing Heavily in Golden West Oil Investments.

While it is true that the Beaumont oil fields proved to be most productive while they lasted, they did not last long enough. The supply in the Pennsylvania and the Ohio fields seem to be inexhaustible, as promise the new discovered field in California.

Many of the leading citizens of Fort Wayne are availing themselves of the opportunities in the new oil field and it promises to be as productive as the gold fields. In Texas the supply seems to have been short, a deposit that was easily exhausted, but in California there seems to be no end to the supply. In the last two years one well has produced over 30,000 barrels alone.

The Fort Wayne-California Oil company, that has holdings in Kern county, California, near Sunset, adjoins the well spoken of. Men who have been in Kern county say that it is the most promising property in the world, and that is one of the main reasons why so many are investing so heavily.

The new company is composed of residents of this city, who are prominent in a financial as well as a social way. They would hardly venture in an investment that is not first-class, consequently, the stamp of 18k fine is on the investment. The officers of the company are: Jos. H. Grier, president, Fort Wayne; Perry A. Randall, secretary, Fort Wayne; Frank Wolf, treasurer, Michigan; Hugh P. Stewart, Michigan; Fay P. Randall, Fort Wayne; Beeks Erick, Fort Wayne; W. P. McIntosh, Sunset, Cal.

The San Francisco Chronicle of the 4th inst. has this to say:

"Although the Beaumont oil fields of Texas were opened within less than two years, signs of exhaustion are visible in them already. The original Lucas well, which was a wonderful gusher when the oil-bearing sands were first tapped by the drill, has not produced any oil for over a year. When the gas pressure was spent and the well stopped spouting it was found that there was nothing left to pump in the oil measures it penetrated. This has led oil experts to reach the conclusion that the Beaumont oil field is a big natural gas reservoir, containing a comparatively limited quantity of oil, which the gas pressure, at the first outburst when tapped, ejects to the surface. Hence the phenomenon of the gusher. If this theory is correct the Texas petroleum measures may become much more quickly exhausted than those of the Pennsylvania oil field, where the "gusher" well was likewise originally common. The total production of the field at present is placed at 32,000 barrels per day. This is not as much as the now extinct Lucas well was discharging when the oil measures were first pierced, and yet there are 111 wells being operated in the district.

"California wells are mostly pumping wells from the moment the oil-bearing formation is pierced by the well-boring drill. This means that either the volume of the petroleum lying in the formation is too large and dense for the gas generated there to force it to the surface or the volume of gas is much smaller in the California measures than it is in those of Texas. Probably both conditions exist here. Certainly the oil wells in California make a comparatively insignificant display of gas, while yielding a steady and undiminished supply of oil. Some wells in the oil measures of Los Angeles and Ventura counties have yielded uninterruptedly for over thirty years. In other productive fields in the state, where a continuous draft has been made upon the oil sands for several years, the original wells show no signs of weakening in the output. The only reasonable deduction to be drawn from these facts then, is that the California oil measures possess exceptional vitality, and that the drain on their contents may continue indefinitely without any indications of exhaustion."

FUNERAL OF B. F. JONES.

Pittsburg, Pa., May 20.—Arrangements for the funeral of Benjamin F. Jones, sr., the great steel master, who died yesterday, were completed today. Services will be held at the family residence in Allegheny at 10 o'clock tomorrow morning. Rev. Dr. Maitland Alexander, of the First Presbyterian church, will conduct the services, which will be of the most simple character. The interment will be in Allegheny cemetery.

All of the plants and interests of the company will be closed Thursday and Friday out of respect for the memory of the founder, and it is not likely that they will resume operations until Sunday. It is probable that the workmen will be permitted to view the remains in a body. A prominent official of the Jones & Laughlins Steel company says there will be no change whatever in the personnel or policy of the company as a result of the death of Mr. Jones, who for years held complete control of the company. Rumors were revived, however, that as a result of the sad event in the company's career a deal with the United States Steel corporation might be more easily possible. Officials did not care to discuss the matter. Friends declared that absorption would not be brought any nearer.

PAINTS A GLOOMY PICTURE.

Vienna, May 20.—The Austrian-Hungarian consul, A. De Brunne, at Manila, in his report for 1902 paints a gloomy picture of the "impoverishment of the Philippines through the long campaign." Business, he says, was stagnant, the erection of a match factory and a color works being the only new enterprises of the whole year. The consul adds that Manila is flooded with unemployed Americans and says the cost of living has enormously increased since the American occupation.

A forthcoming event that enlists the interest of Bluffton society is announcement by Mr. and Mrs. W. A. Gutelius of the marriage of their daughter, Miss Hattie Louise, to Harry Albert Gable. A farmer drove to Hartford City Monday and hitched his horse on the east side of the square. Men who were sitting across the street noticed a hen in the back of his buggy and could see that she was not tied. They went across and discovered that she had a brood of chickens in the box of the buggy. The farmer said that it was the first time he had used the buggy for several weeks and that she had hatched the chickens there without his knowledge.

At Bluffton Jesse Williamson, Bruce Kiger, Joseph Fisher and Paul Williamson were arrested today on grand jury indictments charging each with assault and battery on four different affidavits. They are members of the L. S. S. B., who helped initiate John Brinneman, Norman Vollmer, Ralph McBride and Kelly Shoemaker. Each charge is for one of each of the four boys. The boys were required to give bond for $300 for appearance at the September term of court. Other indictments were returned and arrests will be made. Wrath of many citizens had been stirred by what was regarded as the lawlessness of acts of the society.

"WHEN KNIGHTHOOD WAS IN FLOWER,"

Ranks as the Most Profitable Book Play of the Present Decade.

Few dramatized novels have attained the artistic and financial success of "When Knighthood Was in Flower." The book was copywrighted and published in 1898 and has had since then a sale of over 350,000 copies. It was dramatized the following year by Paul Kester, especially for Julia Marlowe and produced at the Criterion theater, New York, where it ran one whole year, netting Miss Marlowe's manager over $200,000 profit. The year following it was seen only in the leading cities of the east, south and middle west, the tour netting Miss Marlowe alone $60,000, besides a handsome profit to her manager. The present season marks the beginning of the third year of this remarkable drama of chivalric 16th century England, and still in every city visited "the standing room" sign is displayed, the present tour bidding fair to equal the preceding ones in financial returns. The complete original Julia Marlowe production of "When Knighthood Was in Flower" will appear here Thursday under the direction of Frank L. Perley.

W. C. E. SEEBOECK, PIANIST.

Of Mr. Seeboeck, the great pianist who appears at the Temple next Friday evening in a joint recital with George Hamlin, tenor, under the auspices of the Nocturne society, the Journal of Frankfort-on-the-Main, Germany, says:

Mr. Seeboeck played several numbers of Chopin, always deeply felt and with great individuality, and a peculiar beauty of tone and touch. Of the latter he seems to make a special aim throughout his work. His performance of a rather short paraphrase on themes from Wagner's Tristan and Isolde was full of effect and technically excellent.

The Omaha Bee: Mr. Seeboeck is a genius. He is unlike any other artist now before the public. In his technique, in his phrasing, in his finger movements, he is a law unto himself.

PROTEST AGAINST KILLING OF JEWS

Mass Meeting Denounces the Horrible Slaughter at Kishineff.

MANY SPEAKERS HEARD

Well Known Citizens Voice Indignation—Resolutions Adopted.

The mass meeting held last evening in the Jewish synagogue for the purpose of voicing a protest against the recent atrocities against the Jews in southern Russia was somewhat of a disappointment in the matter of attendance, the church being less than half filled. Addresses were made by some of the most prominent men in the city and resolutions were adopted denouncing the massacre of defenseless Jews in Kishineff, which will be forwarded to Secretary of State Hay.

RABBI COHN SPEAKS.

Rabbi Cohn presided at the meeting and made the opening address, prefacing his remarks with an expression of disappointment at the small attendance. He said in part:

"It is as men and women that we are gathered together here tonight to protest against the inhuman butchery of the innocent Jewish subjects of the czar. These deeds which have aroused our indignation are not merely injuries to the Jews, but to the whole civilized world, to humanity as a whole. Count Cassini is very ingenious in putting forth excuses, but I appeal to you, my friends, if they are sufficient to justify the dark deeds of which we have been hearing. Russia is a relic of the despotism of the dark ages; she has been false to the nations she has conquered, Finland, for example, and she is false to the whole world. The time has come when the world is to be aroused at what is going on and Russia must be shown that she can not pursue the course she has been pursuing with impunity. Russia must be taught to be decent. She seeks better commercial relations with us and must reckon with us as a world power, and she must be shown that we cannot tolerate deeds of that kind if she wishes to retain our good will."

MAYOR BERGHOFF'S ADDRESS.

Rabbi Cohn then introduced Mayor Berghoff, who spoke in part as follows:

"I feel highly honored to have been invited to address this gathering tonight, but I shall only give expression to a few of my thoughts and then make room for the more learned and accomplished speakers. What we say and do at this meeting tonight will reach beyond the borders of the city to Washington and in a very short time to the imperial council in Russia itself. It is but recently that we read in the papers that Russia had granted religious freedom to all peoples in the empire, but before the announcement is a month old comes the news of the terrible massacre in Kishineff, and it but shows that Russia is a nation that cannot be trusted. We are all kin; we are all made in the same image and believe in the same God and it is our brethren who were victims of the Russian fanatics. These religious persecutions are as old as the ages, but history does not show an instance of where a people, persecuted for their belief, changed that belief on account of persecution. And as mayor I believe that I voice the sentiment of the 50,000 people of this city when I say we protest against this terrible massacre, whether it was done with or without the knowledge of official Russia, and let us make known our feelings in the matter by sending resolutions to our secretary of state denouncing the outrages."

S. M. FOSTER.

Mr. Foster spoke briefly, expressing horror at the deeds of the Russian mob and a hope that the sentiment of indignation that had been aroused would prevent a recurrence of any deed of the kind. "We extend a welcome to all who are persecuted, without regard to creed or politics, to America, and I think it would be a good plan to provide a fund to enable authorized persons to look after the welfare of those who seek a home on our shores," said Mr. Foster in conclusion.

Rabbi Cohn read letters from Henry M. Williams and Alexander Johnson, expressing regret at being unable to be present and that they were in hearty accord with the spirit of the meeting.

DR. D. W. MOFFAT.

Dr. D. W. Moffat was asked for an expression of opinion by Rabbi Cohn, and in the course of his remarks referred to the poem, "The Bear That Walks Like a Man," by Rudyard Kipling. "I think Kipling has given us in that poem an excellent outline of the character of Russia, and everyone should read it," said Dr. Moffat. "I believe that the czar of Russia would be a better man if he had a chance, but his imperial council will not allow him to carry his good ideas into effect. There should be some way of letting the powers that be in that despotic country know what the sentiment over here is, and our government should convey such an expression of opinion if it can be done without infringing on international law."

JUDGE EDWARD O'ROURKE.

Judge Edward O'Rourke, of the circuit court, was the next speaker. In part he said:

"I am here this evening to join with others in extending sympathy to the survivors of the bloody massacre of the Jews of Kishineff and to condole with the friends of victims of the awful tragedy. Governments, on account of the rules that obtain among them, are restrained in giving expression to the national sentiment in regard to such an occurrence as has brought us together this evening, but the people of the civilized nations, and especially those of the United States, are embarrassed by no such restrains. It is enough for us to know that human beings have been ill treated or oppressed in any part of the world in order to arouse our sympathies and to cause us to utter our protests. We are men, and therefore we cannot be indifferent to any act, measure or policy that affects any branch of the human race. Appealed to, as we are at this time, by the victims and sufferers of riot and disorder, all questions as to race and creed disappear. In this present hour let us send hope and comfort, as far as we are able, to those who need our sympathy and support. Let the world know what the sentiments of the people of the United States are as to the matter that has brought us together. Let us protest, let us condemn, in no uncertain tone. Let us appeal to the justice and humanity of the people of the civilized world that they may unite with us to create a moral force against the misgovernment of Russia, and give expression in positive language to the opinion of the people of the United States that persecution of the Jews should cease. To these matters we cannot be indifferent. When we sympathize with others we improve ourselves and those around us. Our thoughts take wings and reach the objects of our affections and regard. When our words and acts rest on unshaken faith they are potential. All that give support to the cause of humanity will have a certain return to promote their comfort and growth. Jesus says that the kingdom of heaven is within. The manifestation of that divine state is never more abundant than when you are comforting the afflicted, relieving the distressed and forgiving those who have injured you."

Rabbi Cohn then took up the statement made by Count Cassini that the Jews refused to till the soil, and were a race of money-lenders. "In Russia," said Rabbi Cohn, "Jews are not allowed to become land-holders. They are restricted to certain quarters, and have not even the privilege of moving."

REV. J. WEBSTER BAILEY.

"In conversation with a friend of mine today," said Mr. Bailey, "he remarked that the recent massacres in Russia had confirmed his belief in the existence of hell and I am just orthodox enough to think that those who committed the crime should be there now. It may be that the czar is not responsible for all that goes on, but he knows of everything that transpires in the empire twelve hours after it occurs. I wish we had the power and the legal right to say to Russia, 'Thus far hast thou gone, but thou goest no farther.' All nations are in debt to the Jews and in the past centuries governments have appealed to them for financial aid in times of trouble, and but for them many a nation could not have weathered the storms of war. If the Jew is shrewd and can make money, that is to his credit. But when all is said, could not Russia point to our lynchings and burning men at the stake as being equally as atrocious as the massacre of those Jews? Our expression of indignation would have more weight if our own record was clean."

COL. R. S. ROBERTSON.

Col. R. S. Robertson said in part: "I am not an advocate of creed or race. In all my life I have tried to carry out the idea of the brotherhood of man. The statement has been made that we have no legal right to question Russia's action. We have the legal right, but when we exercise it we must prepare for war. In the large cities of the country Russian consuls are stationed and the Russian ambassador is at Washington. These men make a careful report to their government of everything that transpires that may concern Russia directly or indirectly, and the sentiment of every meeting held in this country, great and small, will be known at the Russian court within twenty-four hours. These expressions of sentiment will be respected and will have more weight than a direct protest, for public sentiment is all-powerful and no government, however great, can ignore it."

H. W. LE SAGE TEN BROECK.

Mr. Ten Broeck said that while what had been done could not be undone, a recurrence of the deed could be prevented and he believed that the expression of public sentiment would be all-powerful in checking similar deeds of violence.

JUDGE ALLEN ZOLLARS.

Judge Zollars stated that while the massacre was one of the darkest blots on Russian history, it was not so bad for the Jew after all, for the public sentiment that had been aroused and the universal indignation would act as a preventive of further acts of violence against the Jews.

DR. M. F. PORTER.

Dr. Porter, after expressing horror at the Kishineff massacre, paid a high compliment to the integrity and ability of the Jew. "In all my experiences I never had a Jew beat me out of a doctor bill. I have never seen nor heard of a Jew in the poor house or charity ward of the hospital. If Russia does not treat her Jewish subjects as they should be treated, let them come over here. They make good citizens and we will welcome them."

CONGRESSMAN J. M. ROBINSON.

The closing address of the evening was made by Congressman James M. Robinson. He said in part: "We should congratulate ourselves that we live in a land where all religions are tolerated. Of the twelve hundred million inhabitants of the earth, one-quarter are classed as civilized and Russia is included in this estimate. I think that in view of the recent outrages in Russia this estimate should be revised. Public sentiment is the most potent factor in restraining governments from wrong-doing and all the armies of the Russian empire could not stand against the sentiment of the world. All governments are bound together by certain laws and observances, and one government cannot disregard the sentiments of another nation. The sentiment of the entire civilized world rules against Russia in this thing and she will heed the warning."

C. R. Lane then read the following resolutions, which were unanimously adopted:

"The citizens of Fort Wayne, here assembled in the Jewish temple of this city—being from all churches and various creeds, Jew and Gentile—desire hereby to express our abhorrence of the cruelties and persecutions to which the Jewish citizens of a portion of Russia have been subjected, and to express our sympathy in the strongest manner possible with those who have suffered and are yet suffering on account of their religious faith.

"We earnestly request that the president of the United States may in some manner make known to the Russian government the sentiment of horror and disapproval of the American people which has been expressed in no uncertain tones through the press, in the pulpit and in public assemblies, and which has been remarkably unanimous.

"The inhumanity, the utter barbarism, the indignities and shame to which the Jews of Kishineff have been subjected have aroused a feeling of horror throughout the land, and have so violated our sense of what constitutes civil and religious liberty that we cannot repress this expression of our intense disapproval.

"We desire that the resolutions be engrossed and forwarded to the president.

"Marx Frank,
"R. S. Robertson,
"C. R. Lane."

After the adoption of the resolutions M. Frank thanked the speakers and audience, especially the Christians, for their co-operation in expressing indignation at the Kishineff massacre, and the meeting was adjourned.

DISCOUNT PLOT STORY.

Sacramento, Cal., May 20.—Chief of Police Sullivan discredits the story told by Citizen Frank M. Woodson, who arrested Charles Randleman last night for uttering language which he considered dangerous in view of the fact that President Roosevelt was in the city. "I do not place any reliance in the report," said Chief Sullivan. "I do not think it worth while considering." Randleman was locked up on a charge of carrying concealed weapons. He has the appearance of being an ordinary working man and was somewhat under the influence of liquor. He denied making the remark ascribed to him by Woodson. He said he got the pistol because he had been serving as a watchman at a mine in Siskiou county.

Young people from the city and vicinity comprised a delightful company that recently tendered a surprise party upon Howard Hoke at his home, five miles south of the city. The occasion was a most pleasant one.

Elonzo Cohagan Plunges Weapon Very Near to James Barrett's Heart.

QUARRELED OVER CARDS

Barrett Has a Chance for Recovery—Assailant Under $5,000 Bonds.

James Barrett, who owns a feed yard on Pearl street and Maiden lane, is lying upon a cot at St. Joseph's hospital in a very serious condition from a knife wound in his left side. His assailant, Elonzo W. Cohagan, a cigarmaker, 49 years of age, is held under bonds of $5,000 upon a charge of assault with intent to kill, and his hearing has been fixed for May 27.

This is up to date the net result of a sensational stabbing affray on Pearl street, near Harrison, at 8:30 o'clock Tuesday evening. Future developments in the case depend entirely upon the outcome of Barrett's injuries, which were at first thought to be probably fatal. Today the attending physicians say his condition is more promising, and unless unexpected consequences ensue, Barrett will recover.

QUARREL AT CARDS.

The bloody affair is the outcome of a game of "seven-up" in the saloon of Frank Schele, at Pearl and Harrison streets. In the course of the play a dispute arose and some warm words passed between the men, though bystanders paid little attention to it and presumed the disagreement was not of a serious character.

Barrett's story is to the effect that Cohagan finally wanted to fight, and that he replied that he would meet him outside. Cohagan passed out the front door while Barrett took the side entrance. They met on Pearl street, and a swift exchange of blows followed. In a moment Barrett reeled and fell to the street exclaiming:

"That man cut me with a knife; somebody catch him."

A crowd quickly gathered and Cohagan took to his heels, running westward on Pearl street to Maiden lane, south to Main street and into a shed at the rear of the Union house. Officers who were summoned soon located Cohagan, placed him under arrest and lodged him in the police station. In the officers' party were Sergeant Pappert, Officers McKendry and Krueckenberg and Deputy Sheriff J. B. Ryan. The affidavit is filed by Officer McKendry.

WOUND A BAD ONE.

Barrett was carried into the Stockwell drug store, where Dr. Hammond dressed his wound temporarily and directed his removal to St. Joseph's hospital. Here Dr. Hammond and Dr. MacBeth made a more thorough examination, inserted a drainage tube and made the injured man as comfortable as possible. The wound was inflicted with an ordinary pocket knife, very harmless in appearance, but extremely sharp. The weapon had been plunged into Barrett's left side, entering at the left lateral median line through the seventh intercostal space. It perforated into the pleural cavity, allowing the left lung to collapse, and passed within an inch of the heart. The opening through the skin is not more than an inch in length, but the blade after penetrating, had been twisted in such a manner that the deep cut beneath the skin is perhaps three inches in length. Had the knife blade been slightly longer, it would have certainly reached the heart and produced instant death.

Barrett removed to the city about a year ago from Cedar Creek township, where he had been a farmer, and opened a feed yard on Pearl street. Cohagan has resided in the city about twenty years. He was in police court Tuesday morning charged with a violation of the bicycle lamp ordinance. His home is on Laselle street. The knife with which the cutting was done was not found by the police until they made a second search of the man's clothing.

CLAIMS SELF-DEFENSE.

Cohagan has retained Attorney P. B. Colerick to defend him, and when the case was called in municipal court this morning the preliminary hearing was continued until May 27, at 8 o'clock, to await the outcome of Barrett's injury.

Upon the advice of his attorney, Cohagan would talk but little of the affair, further than to say that he had acted in self-defense, and did not use his knife until after he had been attacked by Barrett.

Several friends of the prisoner were in court with him, and left at once to seek bondsmen for him. Attorney Colerick said his client expected to be able to furnish the required bond during the morning. Cohagan, it is said, has never before been charged with a serious offense.

CALIFORNIA OIL FIELD IS INEXHAUSTIBLE.

Beaumont No Comparison—Many Local Financiers Are Investing Heavily in Golden West Oil Investments.

While it is true that the Beaumont oil fields proved to be most productive while they lasted, they did not last long enough. The supply in the Pennsylvania and the Ohio fields seem to be inexhaustible, as promise the new discovered field in California.

Many of the leading citizens of Fort Wayne are availing themselves of the opportunities in the new oil field and it promises to be as productive as the gold fields. In Texas the supply seems to have been short, a deposit that was easily exhausted, but in California there seems to be no end to the supply. In the last two years one well has produced over 30,000 barrels alone.

The Fort Wayne-California Oil company, that has holdings in Kern county, California, near Sunset, adjoins the well spoken of. Men who have been in Kern county say that it is the most promising property in the world, and that is one of the main reasons why so many are investing so heavily.

The new company is composed of residents of this city, who are prominent in a financial as well as a social way. They would hardly venture in an investment that is not first-class, consequently, the stamp of 18k fine is on the investment. The officers of the company are: Jos. H. Grier, president, Fort Wayne; Perry A. Randall, secretary, Fort Wayne; Frank Wolf, treasurer, Michigan; Hugh P. Stewart, Michigan; Fay P. Randall, Fort Wayne; Beeks Erick, Fort Wayne; W. P. McIntosh, Sunset, Cal.

The San Francisco Chronicle of the 4th inst. has this to say:

"Although the Beaumont oil fields of Texas were opened within less than two years, signs of exhaustion are visible in them already. The original Lucas well, which was a wonderful gusher when the oil-bearing sands were first tapped by the drill, has not produced any oil for over a year. When the gas pressure was spent and the well stopped spouting it was found that there was nothing left to pump in the oil measures it penetrated. This has led oil experts to reach the conclusion that the Beaumont oil field is a big natural gas reservoir, containing a comparatively limited quantity of oil, which the gas pressure, at the first outburst when tapped, ejects to the surface. Hence the phenomenon of the gusher. If this theory is correct the Texas petroleum measures may become much more quickly exhausted than those of the Pennsylvania oil field, where the "gusher" well was likewise originally common. The total production of the field at present is placed at 32,000 barrels per day. This is not as much as the now extinct Lucas well was discharging when the oil measures were first pierced, and yet there are 111 wells being operated in the district.

"California wells are mostly pumping wells from the moment the oil-bearing formation is pierced by the well-boring drill. This means that either the volume of the petroleum lying in the formation is too large and dense for the gas generated there to force it to the surface or the volume of gas is much smaller in the California measures than it is in those of Texas. Probably both conditions exist here. Certainly the oil wells in California make a comparatively insignificant display of gas, while yielding a steady and undiminished supply of oil. Some wells in the oil measures of Los Angeles and Ventura counties have yielded uninterruptedly for over thirty years. In other productive fields in the state, where a continuous draft has been made upon the oil sands for several years, the original wells show no signs of weakening in the output. The only reasonable deduction to be drawn from these facts then, is that the California oil measures possess exceptional vitality, and that the drain on their contents may continue indefinitely without any indications of exhaustion."

Men Who Failed to Use Lamps Face the Judge—Notes of the Police.

A large assortment of thoughtless individuals, who had neglected to equip their bicycles with lamps before riding upon the streets at night, were before Judge Dreibelbiss in municipal court this morning.

Charles Norcross, a gentleman of color, admitted the soft impeachment. He was fined 25 cents and costs, a total of something more than $10, which he paid. Charles Douglas, a young man, pleaded guilty to a similar charge. He was fined $5 and costs, but sentence was suspended during good behavior.

Benjamin Mariotte was released upon his explanation that when the officer found him he was returning from a trip to the doctor to secure medicine for his wife, who was ill. Otto Merz also pleaded guilty. He is but seventeen years old; fine of $5 and costs was suspended. Lee North's case was continued until tomorrow. Frank F. Friedman admitted it and stayed the docket on his fine of 25 cents and costs.

FUNERAL OF B. F. JONES.

Pittsburg, Pa., May 20.—Arrangements for the funeral of Benjamin F. Jones, sr., the great steel master, who died yesterday, were completed today. Services will be held at the family residence in Allegheny at 10 o'clock tomorrow morning. Rev. Dr. Maitland Alexander, of the First Presbyterian church, will conduct the services, which will be of the most simple character. The interment will be in Allegheny cemetery.

All of the plants and interests of the company will be closed Thursday and Friday out of respect for the memory of the founder, and it is not likely that they will resume operations until Sunday. It is probable that the workmen will be permitted to view the remains in a body. A prominent official of the Jones & Laughlins Steel company says there will be no change whatever in the personnel or policy of the company as a result of the death of Mr. Jones, who for years held complete control of the company. Rumors were revived, however, that as a result of the sad event inthe company's career a deal with the United States Steel corporation might be more easily possible. Officials did not care to discuss the matter. Friends declared that absorption would not be brought any nearer.

HYMENEAL.

Kensill-Meher.—The marriage of Miss Ada Meher and Walter Kensill took place this afternoon at 4:30 at the home of the bride, Rev. J. A. P. McGaw, of the Third Presbyterian church, officiating. Mr. and Mrs. Kensill will go to housekeeping as soon as their new home on Holman street is completed. The groom is a Pennsylvania employe.

Haas-Robertson.—Miss Bessie Robertson and Jacob N. Haas were united in marriage yesterday afternoon at 2 o'clock at the Third Presbyterian church. The ceremony was performed by Rev. J. A. P. McGaw, the pastor, in the presence of a few relatives and intimate friends. There were no attendants. A wedding dinner and reception followed the ceremony at the home of the bride's parents, Mr. and Mrs. Clifford Robertson, of West DeWald street, and at 4 o'clock Mr. and Mrs. Haas left for the east on a wedding trip. The groom is connected with the Noble Manufacturing company.

PAINTS A GLOOMY PICTURE.

Vienna, May 20.—The Austrian-Hungarian consul, A. De Brunne, at Manila, in his report for 1902 paints a gloomy picture of the "impoverishment of the Philippines through the long campaign." Business, he says, was stagnant, the erection of a match factory and a color works being the only new enterprises of the whole year. The consul adds that Manila is flooded with unemployed Americans and says the cost of living has enormously increased since the American occupation.

ABSCONDER IS TAKEN.

Oakland, Cal., May 20.—After being tracked across the continent, Julius A. The man is also accused of having deserted his wife and eloping with the woman in whose company he was when taken into custody.

Paris, May 20.—Former President Kruger arrived here today from Mentone on his way to Holland, and received a sympathetic welcome from a small crowd of intimate friends, who boarded his train at the railroad station. The women of the party presented the Boer statesman with many bouquets and Mr. Kruger made a brief speech of thanks for the kindness France had shown his unhappy countrymen. He said he expected to return to France next year. Mr. Kruger spoke in a strong voice and seemed to be in fairly good health.

A forthcoming event that enlists the interest of Bluffton society is announcement by Mr. and Mrs. W. A. Gutelius of the marriage of their daughter, Miss Hattie Louise, to Harry Albert Gable. The marriage will be solemnized Tuesday evening, June 9. The groom-elect lives in Marion and has arranged to run a special train from the city to Bluffton to accommodate the hundred friends who have been invited from there.

A farmer drove to Hartford City Monday and hitched his horse on the east side of the square. Men who were sitting across the street noticed a hen in the back of his buggy and could see that she was not tied. They went across and discovered that she had a brood of chickens in the box of the buggy. The farmer said that it was the first time he had used the buggy for several weeks and that she had hatched the chickens there without his knowledge.

At Bluffton Jesse Williamson, Bruce Kiger, Joseph Fisher and Paul Williamson were arrested today on grand jury indictments charging each with assault and battery on four different affidavits. They are members of the L. S. S. B., who helped initiate John Brinneman, Norman Vollmer, Ralph McBride and Kelly Shoemaker. Each charge is for one of each of the four boys. The boys were required to give bond for $300 for appearance at the September term of court. Other indictments were returned and arrests will be made. Wrath of many citizens had been stirred by what was regarded as the lawlessness of acts of the society.

"WHEN KNIGHTHOOD WAS IN FLOWER,"

Ranks as the Most Profitable Book Play of the Present Decade.

Few dramatized novels have attained the artistic and financial success of "When Knighthood Was in Flower." The book was copywrighted and published in 1898 and has had since then a sale of over 350,000 copies. It was dramatized the following year by Paul Kester, especially for Julia Marlowe and produced at the Criterion theater, New York, where it ran one whole year, netting Miss Marlowe's manager over $200,000 profit. The year following it was seen only in the leading cities of the east, south and middle west, the tour netting Miss Marlowe alone $60,000, besides a handsome profit to her manager. The present season marks the beginning of the third year of this remarkable drama of chivalric 16th century England, and still in every city visited "the standing room" sign is displayed, the present tour bidding fair to equal the preceding ones in financial returns. The complete original Julia Marlowe production of "When Knighthood Was in Flower" will appear here Thursday under the direction of Frank L. Perley.

W. C. E. SEEBOECK, PIANIST.

Of Mr. Seeboeck, the great pianist who appears at the Temple next Friday evening in a joint recital with George Hamlin, tenor, under the auspices of the Nocturne society, the Journal of Frankfort-on-the-Main, Germany, says:

Mr. Seeboeck played several numbers of Chopin, always deeply felt and with great individuality, and a peculiar beauty of tone and touch. Of the latter he seems to make a special aim throughout his work. His performance of a rather short paraphrase on themes from Wagner's Tristan and Isolde was full of effect and technically excellent.

The Omaha Bee: Mr. Seeboeck is a genius. He is unlike any other artist now before the public. In his technique, in his phrasing, in his finger movements, he is a law unto himself.

UNION LABEL

WEDNESDAY, MAY 20, 1903.

Democratic National Committeeman Mack counsels the friends of Mr. Bryan and Mr. Cleveland to "get together." Easy as saying it, probably. But who is to get 'em apart when there's been enough?

It seems that boodlers and the like have some rights in Missouri which the courts are bound to respect. A brace of fellows convicted of perjury are to have new trials on certain technicalities in which the main proposition does not appear at all involved.

Philadelphia police officers have just superintended a bonfire of thirteen hundred slot gambling machines valued at $125,000. So few good examples in government come from Philadelphia that we can't forbear recommending this drastic procedure to this city and all others. The way to put machine gambling—in all its aspects one of the most vicious of chance games—out of business for good and all is to follow the Philadelphia method. That knocks the profits galley west; likewise other directions.

The prohibitionists of Indianapolis have nominated a city ticket and adopted a platform that is rather remarkable for the absence of a distinct prohibition declaration. But it abounds in good sense and is in about all respects an ideal platform. It makes no distinctions in the violations of the laws, classing them all alike. It puts forth a strong demand for clean, honest and economical municipal government. George Hitz is the party's candidate for mayor and appeal is made for all citizens who favor good government to support him and the platform, a thing no good citizen ought to find it very hard to do.

It strikes us that considerable unwarranted ado is being made over the case of the chambermaid in an Indianapolis hotel who awoke one morning recently to find herself famous because she had refused, as she herself expressed it, "to make up a bed in which a nigger had slept." The "nigger" in this instance was Booker T. Washington, who had lectured in the city and had been given much attention by the leading people there. The manager of the hotel discharged the chambermaid, which was natural. The woman is of southern birth and her refusal to "make up" Prof. Washington's bed was probably also natural. But why all the tumult? Hotels have refused to entertain him because of his color and certain southerners having entree to the white house tabooed the president's table because Prof. Washington had dined there. In the south the chambermaid has become quite a heroine. Checks of large amount are pouring in upon her and her stand for the principle that she is too good to "make up" the bed of a "nigger" seems to have been turned to amazing profit. Down south the "nigger" doesn't count, but in this case he is being made of vast account—to the chambermaid. The chambermaid did only what in some form or other the entire white population of the south does every day without notice. She can hardly be regarded as a martyr. She lost her place because she refused to do the work she was employed to do. However, the "incident" will probably have to run its public course.

Memberships amounting to $10.25 were received from others, making the total $111.25.

The regular meeting of the league will be held in room 8, city hall, Thursday afternoon at 3:30.

MRS. HADLEY RECEIVES $2,500.

Indianapolis, May 20.—Mrs. Lulu Hadley, the hotel chambermaid who was discharged because she refused to make up the bed in which Booker T. Washington had slept, received $1,100 from people in the south yesterday, making $2,500 which she has received since her discharge by the hotel management. Mrs. Hadley yesterday appealed to the police for protection, saying that negroes were making insulting remarks about her. She is also in receipt of many insulting letters which she thinks are written by negroes.

BE INDEPENDENT.

It's Easy to Shake Off the Coffee Habit.

There are many people who make the humiliating acknowledgment that they are dependent upon coffee to "brace them up" every little while. These have never learned the truth about Postum Cereal Coffee, which makes leaving off coffee a simple matter and brings health and strength in place of coffee ills. A lady of Davenport, Iowa, who has used Postum Food Coffee for five years is competent to talk upon the subject. She says:

"I am a school teacher and during extra work, when I thought I needed to be braced up, I used to indulge in rich, strong coffee, of which I was very fond and upon which I thought I was dependent.

"I began to have serious heart palpitation and at times had sharp pains around the heart and more or less stomach trouble. I read about Postum and got some to try. I dropped coffee, took up the Postum and it worked such wonders for me that many of my friends took it up.

"In a short time I was well again, even able to attend evening socials. And I did not miss my coffee at all. Now I can truthfully say that I have been repaid fully for the change I made. I have no indications of heart disease and not once in the past four years have I had a sick headache or bilious spell.

"My father, seventy-eight years old, is a postum enthusiast and feels that his good health in a large measure is due to the 6 cups of good Postum which he enjoys each day." Name furnished by Postum Co., Battle Creek, Mich.

There is a reason.

1,300 SLOT MACHINES BURNED.

Philadelphia, May 20.—About $125,000 worth of slot gambling machines were publicly burned yesterday, while two companies of fire fighters guarded surrounding property. The 1,300 machines were confiscated in the last five months, as the result of raids by the Law and Order society and the police. Director of Public Safety Smyth has 250 pounds of uncounted nickels and pennies, and Secretary Gibboney, of the Law and Order society, has $1,600, all taken from the machines, which will be turned over to the city treasury.

NOT THE SAME OLD THING.

How it is Possible for Circuses to Constantly Improve.

As the seasons come and go and the people depart from the circus tent they may be heard to give expression to their amazement by saying "Well, what won't they do next?" The question is invariably answered when the Wallace Show comes the next time.

"There is nothing new under the sun" may be true of material things, but it is and never was true of circus feats and ideas. Last season it will be remembered that the famous Silverton Trio were with the Wallace Show. They were very versatile performers and their marvelous act on the slender wire captivated all who saw them. It seemed as if they had attained the very pinnacle in their chosen work.

This season the Silverton Trio will be found to be a quartette. Another man has been added. This was necessary because of the new and more difficult tricks that will be done. The almost invisible wire is now placed forty feet above the stage and upon this slender support this quartet of nimble, graceful performers will gambol and frolic with an apparent reckless abandonment that is sure to unnerve the spectators. They will do a cake walk, play leap frog, do the Florodora step, and a score of other hazardous feats. Last year the Silverton act was said to be perfect, and yet this year by the addition of one more person, it is very materially improved.

In the trained animal department the same conditions prevail. Long ago it was thought that animals had reached the limit of their education, but each succeeding visit of the Great Wallace Show proves that speculation in this respect is useless and sure to be in error.

There have been trained seals, but when our citizens see Prof. Winston's performing seals with the Wallace Show, that do everything but talk, they will see that animals as well as human beings are constantly improving in their amusement proclivities.

The climax of sensation in the hippodrome department may have been thought to have been reached, but even here the visitor to the Wallace Show this season will not see the same old thing. The Wallace races are always good, but this year the inherent excitement will be materially increased by the work of the high jumping horses which leap over a hurdle seven feet high while carrying a mount.

The modern circus must improve even though to do so may seem impossible. Long ago the Great Wallace Show which will exhibit at Fort Wayne on Thursday, May 21, originated and assumed the title and motto "the highest class circus in the world." It has in recent years fully demonstrated its ability to protect and to bear the title appropriately for it is the highest class circus in the world, not on paper only, but in reality.

THE CLOSING RECITAL.

The Nocturne society will give its closing concert of the season with a joint recital by Mr. George Hamlin, tenor, and Mr. W. C. E. Seeboeck, pianist. Of Mr. Hamlin the following from the New York Staats Zeitung will be of interest:

"Mr. George Hamlin prepared for the regular audience in Mendelssohn hall a considerable surprise in his program for yesterday's recital. Such an unusual and bold undertaking deserves our warmest recognition. Those present gave their desire to applaud full play so that Mr. Hamlin may be convinced that his praiseworthy efforts have not been unsuccessful. Mr. Hamlin was in very excellent voice and made even a deeper impression with the beautiful Strauss compositions than on the occasion of his first recital. He was obliged after stormy applause to repeat several songs."

IDEAL SHOOTING WEATHER.

Sea Girt, N. J., May 20.—The third and last day of the competition for places on the All-American rifle team opened with conditions practically ideal from the standpoint of the man before the target. By the time the sun rises again the personnel of the team will be known. The members will be organized and have systematic practice prior to sailing for England from New York on June 13. The firing at the 800-yards range was started promptly at 10 o'clock, a program precisely similar to the one observed yesterday being followed today, so far as the actual shooting is concerned.

Mrs. E. H. W. Dornte has gone to Chicago to spend a few days.

ATTORNEYS WILL GIVE A BANQUET

Allen County Bar to Arrange for Elaborate Function in June.

Members of the Allen county bar are preparing to give an elaborate banquet at the close of the present term of court and the function will probably be held in June.

The idea evolved from the banquet of the Blackford Law club Saturday evening, where a number of older members of the bar were guests of the Blackford club, and it is planned to give an event on a magnificent scale, participated in by every attorney in the county.

Judge Edward O'Rourke, Judge O. N. Heaton and Henry Colerick were named as a committee on arrangements. The committee has not yet held a meeting, but will do so shortly, and it is probable that the event will be held at the Anthony Wayne club. Members of the Blackford Law club, which includes the younger members of the legal profession in Fort Wayne, are to be the guests of honor.

LOSS OF SLEEP MEANS LOSS OF MIND.

INABILITY TO SLEEP IS NATURE'S PLAIN WARNING OF AN EXHAUSTED NERVOUS SYSTEM, OF A CONDITION THAT MEANS COMPLETE NERVOUS PROSTRATION OR INSANITY IF ALLOWED TO CONTINUE.

DR. A. W. CHASE'S NERVE PILLS

GIVES SLEEP OF THE MOST NATURAL RESTFUL TYPE BY A STEADYING, QUIETING, SOOTHING INFLUENCE ON THE NERVES, DUE TO THEIR DIRECT TONIC AND NOURISHING EFFECT ON THE HALF-STARVED NERVE CENTERS.

A NERVE TONIC NEVER EQUALED

BOX SHAPED BOX—NO OTHER

When you over-work any muscle or set of muscles they tire and must have rest. What is true of muscle is doubly true of the brain, as from it emanates all power to work, to act, to think. The brain is full of little cells that during the waking hours are never quiet in their efforts to furnish to every organ the power to do its duty. Rob these little cells of their rest at night—keep them at work all the time, and soon they tire, refuse to act, fail to generate nerve force and the system goes to ruin. Bromides, sedatives, opiates only hasten the end—they do not build up, they tear down. The true remedy, the only cure lies in Dr. A. W. Chase's Nerve Pills, a medicine that revitalizes, reinvigorates, and by properly nourishing these overworked little cells, give them rest and quiet and enable one to sleep naturally and easily again.

Mrs. E. H. Masters, of No. 130 West Walnut street, Titusville, Pa., says: I was sick all last summer—run way down, weak, nervous, twitching and jumping at night—rest broken—memory poor and generally miserable. Dr. A. W. Chase's Nerve Pills were bought for me and they are a grand tonic. They pulled me up—gave me strength and rest and enabled me to sleep peacefully. As a whole the result was splendid and I am glad to recommend the medicine as a grand tonic to the brain, nerves and system generally.

FORT WAYNE, INDIANA.

Mrs. H. O. Russell, of No. 121 Greely street, Fort Wayne, Ind., says: "I was nervous, weak, run-down and sleeping poorly, all due to the nerves. Past experience taught me Dr. A. W. Chase's Nerve Pills were all good and I got his Nerve Pills at Meyer Bros. Co.'s drug store. They are no exception; they cured the trouble, gave me strength, restful sleep, and made the nerves steady. I am, as a consequence, delighted with the medicine."

BEWARE OF IMITATIONS—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine Co., No. 257 Washington street, Buffalo, N. Y.

Gentlemen.—Traveling on both continents, with irregular meals and often poorly prepared foods, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me exceedingly. I suffered with nausea, headaches and severe pains in the lower bowels. One doctor told me I had appendicitis and thought an operation was the only sure relief, but I would not consent to this. Visiting my sister, I found she was using

Dr. Caldwell's (Laxative) Syrup Pepsin

for indigestion, and I asked her to let me try it. I could hardly express my great joy in finding the pains gradually disappearing. I kept up the treatment for over two months, and every day I felt myself getting better, and I am now in perfect health. Nothing I eat distresses me, and I feel five years younger. I give all praise to your medicine, and have recommended it to a large number of my friends.

Very truly,

The Dayton players quit at 4:45 and left the field, while Grim, who had hit safely, was on base. He made the circuit before the game was called by Umpire Seisler and the run was credited. The score:

MEMORIAL SERVICE TO BE HELD SUNDAY

Congressman Robinson Will Preside at the Exercises at Masonic Temple.

Congressman Robinson has been chosen to preside at the annual memorial services to be held at Masonic Temple theater next Sunday afternoon, and the committee of James B. White camp, Sons of Veterans, is at work completing the program for that occasion.

The program of speakers is a fine one. Rev. J. Budman Fleming, of Westminster Presbyterian church, will speak from the topic "Why We Observe Memorial Day." Rev. J. W. Lake, of Calvary U. B. church, has the theme, "Heroes All Who Wore the Blue and Wore the Gray." Rev. A. K. Zartman, of Grace Reformed church, is to talk on "Flowers for the Living," and Rev. David Wells, of Trinity M. E. church, has the subject, "United Now Under One Flag."

The Emerson quartet will render the music for the services.

LIKES AMERICAN WORK.

London, May 20.—Sir George Whitehouse, manager and chief engineer of the Uganda railroad, which has just returned here after seven and a half years spent in constructing the line, speaks highly of the American locomotives and bridges used. He said to a representative of the Associated Press:

"We have 36 American and 3 British main line engines. The experiment with the American locomotives proved entirely satisfactory. They are ten per cent. cheaper, and although their finish is not so perfect, they are more suitable for mountain railway like the Uganda road because they are not so rigid and take the curves more easily.

"Of the steel viaducts along the line 26 are of American and 8 are

W. J. HOSEY DISCUSSES SAVING TO THE CITY FROM MUNICIPAL OWNERSHIP

Editor of The Sentinel: In the report of the council committee of sixteen, Sept. 10th, 1902, to which reference has been made, which states the facts and the truth, there is a statement of the actual cost of street lights to cities owning their own plants. In ten of the cities named in different parts of the country, which were lighting their own street lamps and were not engaged in commercial lighting, the average cost of street lights was shown to be $44.38. The difference between that cost and the charge in the proposed contract is $48.03. On 324 lights that difference would make $15,561.72 per year. For a period of ten years that would amount to $155,617.20, which the city would pay out for street lights more than it would pay if it produced its own light at the averaged cost of the ten cities named.

If the city should own and operate its own electric plant for furnishing street lights and commercial and domestic lights, there is no reason to believe, nor to contend, that it could not be operated by the city with as great success as it has operated its waterworks. Water for streets, city and school buildings has not, and is not costing the city anything. The revenue from private consumers has been sufficient to enable the city to have its street water, and water for public buildings, free. There is no reason why the revenue from private consumers of electric lights should not also enable the city to have its street lights, and lights for public buildings free. Upon that basis the city would save, by owning its own electric light plant $399,480.40 in ten years for street lights, and about $8,000 for the lighting of public buildings, making a total saving in ten years for street lights and public buildings of $307,408.40. Jacksonville, Fla., Hannibal, Mo., Bloomington, Ill., and Paris, Ill., cities owning electirc light plants, and furnishing light for street and commercial lighting, have their street lights, and lights in public buildings without cost, the revenue from private consumers enabling them to do that.

In many other cases where the lighting plant is owned by the city and used for street and commercial lighting, the city reduces the cost to the private consumers, and meets part of the expense of the street lights out of the public treasury. There has been an attempt in the public press in this city to show that the electric lighting plant owned by Columbia City has been a failure. Just the contrary of that is the truth. Since that plant was purchased $5,000 of the purchase money and $7,000 in the way of additions and extensions has been paid from the revenue of the plant. In the meantime, the cost of private lights has been but a fraction of the charges in Fort Wayne. By raising the rates to private consumers to an amount, much less than the people in Fort Wayne pay, that city could have the lights upon its streets and in its public buildings free and have a fund to make the necessary extensions.

SAVING TO THE PEOPLE.

The report of the committee, composed of sixteen councilmen, above referred to, shows that in cities owning the lighting plants lights are furnished to the people at from 5 to 10 cents per 1,000 watts; that it was furnished in Logansport by the city plant at 6 cents per 1,000 watts. As we have seen, in many of the cities private companies furnish lights to private consumers at 10 cents per 1,000 watts. If Logansport can furnish it at 6 cents, there is no reason why a plant owned by the city of Fort Wayne could not furnish it for the same.

As already stated, out of the $100,000 income that the Jenney Electric Light and Power company has been having in Fort Wayne $70,899.98 was collected from private consumers. The people of Logansport got their lights at 40 per cent. of what the people in Fort Wayne have been paying. If, therefore, our people had had the rates that the Logansport people have had we might have saved 60 per cent. of the $70,899.88, which would be $42,539.98 per year. If the Jenney company has been collecting from our people $70,899.98 for the last ten years, the people have paid in that time $425,399.80 more than they would have paid if the city had owned the plant and charged the same rate that has been charged in Logansport. It is very certain that the collections from our people will not be less, but will be more in the future years. So that, if the city shall own the lighting plant and furnish light to the people, they will pay out in the next ten years more than $500,000 less than they will pay if the proposed contract shall be given to the Fort Wayne Electric Light and Power company. Adding what we might have saved to the people and to the city by the city owning the plant and furnishing light for the streets and private consumers, and assuming that the income of the Jenney lighting company has been the same for the last ten years, we have paid out $725,339.80 more than we would have paid out if the city had owned the plant. And assuming that the income will be the same for the next ten years (and, of course, it will be much larger), the city and the people would save more than $725,339 by owning the plant and furnishing light for the street lights, city buildings and to private consumers. We are, therefore, asked and urged to give to the gentlemen holding the stock in the Fort Wayne Electric Light and Power company in the next ten years a bonus that cannot be less than $725,339 and will in all probability be largely in excess of $800,000. Even if the city should charge 9 cents per 1,000 watts, the people would then pay 60 per cent. of what they are now paying and would pay for private lights $42,539.98 instead of $70,899.98, a saving each year of $28,360, or in ten years, $283,600. Assuming, again, that the electric lighting plant could be operated by the city with the same success as it has operated the waterworks, it thus appears that in ten years' time the city could save between $400,000 and $500,000 and have the lights for its street lamps and public buildings free, or it could pay out of the general fund a certain amount of the cost of the street lights and to that extent reduce the charges to private consumers to an amount within the reach of all the people. The city has extended the water pipes to all portions of the city where water has been called for, and fixed the rate at such an amount that the poorest can afford to have the water. The people in all parts of the city are entitled to the privilege of having electric lights in their houses and at such rates as they can afford. This they can have if the city shall own and operate the plant and they cannot have it if municipal ownership is to be defeated and the lighting left in the hands of a private company which will charge, as has been done in the past, such rates as the ordinary family cannot afford to pay, and will not extend its wires to any street where the profits will not be large. William J. Hosey.

VASELINE NO GOOD FOR HAIR

Dandruff Germ Thrives in It, as Well as in All Grease.

A well known Chicago hair specialist invited the Inter-Ocean reporter to come to his office and see, under a microscope, how the germ that causes dandruff thrives in vaseline. The specialist said that all hair preparations containing grease simply furnish food for the germs and help to propagate them. The only way to cure dandruff is to destroy the germs, and the only hair preparation that will do that is Newbro's Herpicide. "Destroy the cause, you remove the effect." Without dandruff no falling hair, no baldness. Ask for Herpicide. It is the only destroyer of the dandruff germ.

CHRISTIAN CHURCH IN ANNUAL MEETING

County Association Enjoys Fine Session—Marked Gains in Fast Year.

The Allen County Association of the Church of Christ held its annual meeting Tuesday afternoon and evening at the West Jefferson street Church of Christ, and officers were elected as follows:

President—Rev. E. W. Allen, West Jefferson street church.

Vice President—Rev. Z. A. Harris, West Creighton avenue church.

Secretary—G. G. Wilson, Harlan church.

Treasurer—J. B. Hyser, Beech Grove church.

During the past year there have been two new churches organized in the county and a chapel in Washington township has been presented to the church, so that another congregation will soon be added. Ten churches are now in existence, and in the past year over 350 additions have been made to the membership, while the Sunday schools have increased in membership over 400. The total membership of the Sunday schools is over 1,200.

The churches represented at the meeting Tuesday were the West Jefferson street and West Creighton avenue churches of this city, the churches of Monroeville, Maysville, Aboit Station and Poe, and those in Pleasant, Jackson, Lafayette and Washington townships. Meetings are held monthly in the various churches, taken in alphabetical order, and the next meeting will be held on the third Tuesday of June at the Beech Grove church, in Lafayette township.

One of the most important subjects discussed was the advisability of publishing a bulletin and it was decided to try it for a time. The little paper will be issued semi-monthly, and will have for its object the mere communication between the different churches.

OBSERVE ASCENSION DAY.

Ascension day services will be held in all the Catholic churches tomorrow. The first masses will be held at 5:30 o'clock in the morning to permit working people to attend divine service, a duty obligatory upon all members of the church, as the day is a holy day of obligation. High [illegible] than now.

Gentlemen,—Traveling on both continents, with irregular meals and often poorly prepared foods, totally disarranged my digestive organs and brought on inflammation of the intestines, until all my food distressed me exceedingly. I suffered with nausea, headaches and severe pains in the lower bowels. One doctor told me I had appendicitis and thought an operation was the only sure relief, but I would not consent to this. Visiting my sister, I found she was using

Dr. Caldwell's (Laxative) Syrup Pepsin

for indigestion, and I asked her to let me try it. I could hardly express my great joy in finding the pains gradually disappearing. I kept up the treatment for over two months, and every day I felt myself getting better, and I am now in perfect health. Nothing I eat distresses me, and I feel five years younger. I give all praise to your medicine, and have recommended it to a large number of my friends.

ARE YOU LOSING WEIGHT

If so then your system is out of balance, and there is a flaw somewhere in your constitution, and a possibility that you are losing health, too. The falling off in weight may be slight, but it makes a wonderful change in one's looks and feelings, and unless the building up process is begun in time, vitality and strength are soon gone and health quickly follows. If you are losing weight there is a cause for it. Your blood is deteriorating and becoming too poor to properly nourish the body, and it must be purified and enriched before lost weight is regained. It requires something more than an ordinary tonic to build up a feeble constitution, for unless the poisons and germs that are lurking in the blood are destroyed, they will further impoverish the blood and weaken the system, and you continue to lose weight.

In S. S. S. will be found purifying and tonic properties combined. It not only builds up weak constitutions, but searches out and destroys germs and poisons of every description and cleanses the system of all impurities, thus laying the foundation for a healthy, steady increase in weight and future good health.

Food may be bountiful and the appetite good, but still the system weakens and we remain poor in flesh unless what we eat is properly digested and turned into rich, pure blood. S. S. S. re-inforces the Stomach and aids the digestion and assimilation of food, and there is a rapid up-building of health and strength. S. S. S. acts promptly and beneficially upon the nervous system, strengthens and tones it up, and relieves the strain by producing sound, refreshing sleep. You can find no tonic so invigorating as S. S. S., and being composed exclusively of roots and herbs its use is attended with no bad effects. Old people will find that it braces them up, improves the circulation of the blood, and stimulates all the bodily organs, and persons of delicate constitutions can take S. S. S. with safety, as it does not derange the Stomach like the strong mineral remedies, but acts gently and without any shock to the system. Those whose feelings tell them they are not strong or well, and who are growing thinner and falling below their usual weight, should take a course of S. S. S. and build up again. S. S. S. is recognized everywhere as the leading blood purifier and the safest and best of all tonics. We cheerfully furnish medical advice, without charge, to all who will write us. WONDERFUL GAIN IN WEIGHT.

Huntsville, Ala., Jan. 10, 1903.

Some years ago my general health gave way; my nervous system was shattered, and I could get nothing to do me any good till I began to use S. S. S. I commenced to improve at once. My appetite became splendid and from 135 pounds I increased to 180. I became well again by taking S. S. S. and would take no amount for the good it did me. My health is now perfect, and I believe if everybody would take a bottle of S. S. S. occasionally, they would enjoy life as I am doing. W. L. WINSTON.

URGES DEMOCRATS TO UNITE FOR VICTORY

National Committeeman Mack Makes Reply to Letter of Mr. Metcalfe.

Buffalo, N. Y., May 20.—Norman E. Mack, the democratic national committeeman for the state of New York, has sent a reply to the letter of R. L. Metcalfe, of Omaha, on the possibility of Cleveland's nomination. On the money question Mr. Mack suggests a plank which shall provide that congress exercise the function of determining from time to time the proper ratio between gold and silver as their values change. Mr. Mack says it seems to him that the friends of Bryan and Cleveland can unite in opposition to republican policies without surrendering allegiance to any of the party principles. The next democratic nominee, says Mr. Mack, will be one who will allow himself to be guided by the party platform and influenced by the inspirations of loyalty to his party.

Mr. Mack says the democrats should stick to their attitude against trusts, should demand a conservative tariff reform, should advocate the income tax, protest against government by injunction and the blacklist, and condemn the methods employed in the Philippines. Then he concludes:

"It seems to me the friends of Mr. Bryan and those of Mr. Cleveland can unite in opposition to these things without surrendering allegiance to any of our party principles. The selection of the candidate must become secondary to the enunciation of the platform, which must not be ambiguous on any proposition, but couched in terms clear and explicit.

"It is, of course, too early to say just what the national platform of next year will be, but it seems to me that one constructed on such lines as I have indicated should not incur the hostility of the friends of Mr. Bryan nor those of Mr. Cleveland or any other national leader. In a word, democrats must unite if they would march in triumph to the white house next year. The present incumbent of that dwelling, by his 'strenuous' measures and his peculiar methods of self-advertisement, is becoming more and more distasteful every day to the people of the country."

RUSH TO NEW ADDITION.

The Drexel park addition of 240 lots, recently platted at the southeastern edge of the city, has been almost completely sold. The tract extends from Eckart lane to Oxford street north and south and from Smith street to Holton avenue east and west. The property has been promoted by Herman C. Tuttle and Mayor C. A. Bookwalter, of Indianapolis. The Fort Wayne Trust company is trustee of the property and the business of the Drexel company has been something phenomenal in local real estate circles. The owners are said to be contemplating placing other property upon the market soon.

NAMED NEW SCHOOL FUND APPRAISERS

County Commissionres Paid Visit to Poor Farm—Teachers' Examination.

The board of county commissioners today made new appointments of school fund appraisers for the various districts as follows:

First district—Hiram Schnelker, Adams; Henry Scheppleman, Maumee; Henry Hartman, Adams.

Second District—Thomas Vandolah, Perry; Luther Greenwell, Eel River; John Stopher, Springfield.

The province of the appraisers is to pass upon security offered for school fund loans, and the appointees serve until their successors are selected and qualified.

The board of commissioners today paid a visit to the county asylum on business connected with the installation of a new boiler at the institution.

DATE IS NOT CHANGED.

County Superintendent Young announced this morning that the regular examination for teachers' license would be held on the last Saturday in the month, regardless of the fact that the day is observed as decoration day. The date for the examination is fixed by law, and the county superintendent is given no option in the matter.

ATTEMPT TO WRECK A TRAIN.

Attleboro, Mass., May 20.—An attempt was made today to wreck the Colonial express, from Washington for Boston, on the New York, New Haven and Hartford railroad near Mansfield station. The man said to be responsible for the deed is under arrest. He was placing the last one of a pile of railroad ties on the track and was discovered by Fred Rand, of Mansfield, who removed the obstruction just as the express dashed by. Rand then started in pursuit of the stranger and after a brief encounter succeeded in making him prisoner and turned him over to the police. The man gave his name as Michele Vinchto, 30 years old. He was later identified as having recently made an attempt to wreck a train at Quinebaug by placing a number of large stones on the track.

WERE WEDDED TODAY.

John Reiling and Miss Christina Conrad, daughter of Mr. and Mrs. Casper Conrad, both of this city, were united in marriage at 9 o'clock this morning in the Cathedral. Rev. Father Roche performed the ceremony. Mr. Reiling is a stationary engineer. They will reside in this city.

MR. PAUL RETURNS.

Henry C. Paul arrived in the city today from Philadelphia, where he attended a meeting of the directors of the Fort Wayne traction company. Mr. Paul stated that no business of public interest came up at the session.

MEMORIAL SERVICE TO BE HELD SUNDAY

Congressman Robinson Will Preside at the Exercises at Masonic Temple.

Congressman Robinson has been chosen to preside at the annual memorial services to be held at Masonic Temple theater next Sunday afternoon, and the committee of James B. White camp, Sons of Veterans, is at work completing the program for that occasion.

The program of speakers is a fine one. Rev. J. Budman Fleming, of Westminster Presbyterian church, will speak from the topic "Why We Observe Memorial Day." Rev. J. W. Lake, of Calvary U. B. church, has the theme, "Heroes All Who Wore the Blue and Wore the Gray." Rev. A. K. Zartman, of Grace Reformed church, is to talk on "Flowers for the Living," and Rev. David Wells, of Trinity M. E. church, has the subject, "United Now Under One Flag."

The Emerson quartet will render the music for the services.

LIKES AMERICAN WORK.

London, May 20.—Sir George Whitehouse, manager and chief engineer of the Uganda railroad, who has just returned here after seven and a half years spent in constructing the line, speaks highly of the American locomotives and bridges used. He said to a representative of the Associated Press:

"We have 36 American and 34 British main line engines. The experiment with the American locomotives proved entirely satisfactory. They are ten per cent. cheaper, and although their finish is not so perfect, they are more suitable for a mountain railway like the Uganda road because they are not so rigid and take the curves more easily.

"Of the steel viaducts along the line 26 are of American and 8 are of English make. The American viaducts are excellent, but the contractors were greatly behind time and took a year instead of seven months to erect them."

Sir George mentioned among the difficulties of the construction work the scare arising from the presence of many lions along the route. No less than 27 employes are known to have been carried off by lions.

BOND PROSPECTUS READY.

London, May 20.—The prospectus of the new Brazilian five-percent loan of $25,000,000, for the improvement of the harbor of Rio Jeneiro, will be issued by the Rothschilds tomorrow. The price will be 92.

WATER COVERED WITH OIL.

Philadelphia, May 20.—A dispatch received at the Maritime Exchange today announces that the British bark Skoda has arrived at Black River, Jamaica, and reports that on April 20, 250 miles off Cape Charles, she passed through water covered for miles with oil. This probably explains the loss of the tanker S. V. Luckenbach, which left Sabine Pass on March 19 for Marcus Hook, Pa., loaded with oil. Since the date of sailing the Luckenbach has not been heard from and has been given up for lost. She carried a crew of thirty-two men.

PERISHED IN HIS HOME.

Richmond, Mich., May 20.—Rev. Henry A. Storey, a Baptist minister, was burned to death and his wife so severely burned that it is feared she will not recover in a fire that early today destroyed their home. Mr. Storey had been ill and it is supposed that he arose in the night to get some medicine and dropped a lighted lamp. His body was terribly burned. Rev. Storey had served congregations in Kentucky and Iowa.

BULGARIANS ARE VICTIMS.

Salonica, European Turkey, Saturday, May 16.—The long list of recent deliberate murders in the Vilayet of Monastir, with a preponderance of Bulgarian victims, indicates, it is asserted, that the Turks are getting beyond control. Out of twenty-one officially admitted murders fifteen Bulgarians were among the victims. In some cases the bodies were mutilated. One man murdered by Turks had his eyes torn out, his face burned and his tongue cut out.

THE ARKANSAS STILL FLOATS.

Cairo, Ill., May 20.—The Monitor Arkansas anchored at Devil's Island, ten miles above Cape Girardeau, last night. She reported as getting along nicely today and will reach Cairo tonight from which point there will be no trouble whatever in reaching the gulf.

ARGUE BASE BALL CASE.

Indianapolis, May 20.—Oral argument in the Sunday base ball injunction suit was heard today by Judge Carter. Each side said in case of an adverse decision it would carry its case to the supreme court.

CITY BREVITIES.

Councilman C. B. Woodworth went to Indianapolis yesterday on a business mission.

Mr. and Mrs. Isadore Lehman are at Cleveland, where Mr. Lehman is a delegate to the B'Nai B'Rith.

The Day on Wall Street.

New York, May 20.—Opening price changes of stocks were small and mixed, but there was a fair volume of business. In a general way eastern railroad stocks were inclined to advance and those of western railroads to decline. An advance of ½ in New York Central and a decline of as much in Atchison measured the largest changes.

Further engagements of gold for shipment tomorrow and the news of a surgical operation upon E. H. Harriman had a momentary depressing effect on the market and New York Central, Rock Island, St. Paul, Atchison and Southern Pacific receded sharp fractions. Buying orders came in at the lower level and prices recovered rather easily in spots. Louisville rose a point over last night. Trading was quiet on the rally and a decline of a point in Atchison turned prices down again. Minneapolis, St. Paul and Sault Ste Marie preferred declined 4. Toledo Railway and Light 3¾, Kansas and Texas preferred 1¾ and Metropolitan Securities a point.

Pressure was severe against Atchison and rumors were revived of a bond issue by the company. Its loss of 1¾ carried other leading stocks with it to the extent of 1 to 1¾. St. Paul, the Pacifics and grangers were conspicuous sufferers and many low prices for the present movement were recorded. Efforts to market dormant stocks resulted in wide price concessions. For 100 shares of Michigan Central 102 was the best price obtainable, compared with 130 on March 10. Otherwise declines were in Minneapolis, St. Paul and Sault Ste Marie 3½, the preferred 6, Lake Erie and Western preferred and Twin City Rapid Transit 3, Missouri, Kansas and Texas preferred and American District Telegraph 2½. Sloss-Sheffield Steel 3½ and General Electric 2¼. United Fruit rose 2¼. It was only with the spending of the force of the selling movement that the decline halted and there was no rally.

Bonds were heavy at noon.

Liquidation was resumed on a large scale after the mid-day pause and prices were depressed considerably lower than in the forenoon. Atchison, St. Paul, Reading, Pennsylvania and the Pacifics bore the brunt of the selling, but large amounts of other leading stocks were also let go. Kansas and Texas' loss was increased to 3¼, Atchison's to 2⅞ and St. Paul and Southern Pacific's to 2 points.

A slight fractional rally when the bears took profits was not long maintained, renewed selling of St. Paul forcing it down to 154⅜ and dragging the rest of the list back with it. The market then hovered pretty close to the low point of the day, occasional efforts to advance special stocks bringing out more stocks than could be absorbed. Sharp losses were more frequent in the active quarter, Lackawanna, Pullman, Pump preferred, Duluth, South Shore and Atlantic, Chicago Terminal preferred and Pacific Mail yielding 1¾@2½, and Pittsburg, C., C. and St. Louis 5. Michigan Central, after selling at 102, was bid up to 120 before bringing an offering, and a sale was made at that price.

Another drive against the market carried prices to such a low level as to offer attractive profits to the bears and their short covering rallied the market. Selling pressure was renewed at the higher level and prices fell lower than before. Losses were for Atchison and St. Paul 3¼, and Baltimore and Ohio, Delaware and Hudson, Reading and the first preferred, St. Louis and San Francisco, Northwestern, Cleveland, C., C. and St. Louis, Canadian Pacific, Erie second preferred and Amalgamated 2 to 3. American Express dropped 9, Indianapolis and St. Louis 4½, Hocking Valley 4, Tennessee Coal 3⅜, Sloss-Sheffield Steel preferred 3¼, North American 3 and Cotton Oil 2¾. Arrangements for gold exports to South America next week aggravated the weakness of the market.

The closing was active and weak at the lowest.

The Fort Wayne team will be accompanied from this place by a number of enthusiastic followers, and the pupils of the school here say they have a special yell for the game that will root things up in grand style. The Huntington boys will have their new uniforms by that time and will make their first appearance in their new garb on that day.

The fire started in the cellar of the Funke store by a clerk dropping a lighted lamp which caught a large pile of straw used for packing. Two clerks in the Funke store reported missing were rescued unhurt. Fifteen firemen were overcome temporarily by smoke and the intense heat and taken to the hospital, but it is not believed the condition of any of them is serious.

PYAMASTER OF WABASH IS DEAD

A. M. Harrison Expires in St. Louis Monday Night After Short Illness.

FRED POLLITZ KILLED

Ladle of Molten Iron Poured Over Him, Burning Flesh to a Crisp.

Wabash local officials have been notified of the death of A. M. Harrison, the company's paymaster, which occurred in St. Louis late Monday night. The particulars concerning the death are not at hand, but it is known that the deceased had been sick only a short time. He accompanied the pay car on its last trip and was in this city April 24. Mr. Harrison was an old employe, but he had been the paymaster less than two years, succeeding Mr. Hitchcock some time during the latter part of 1901.

Burned to Death.

Frederick H. Pollitz was so badly burned at the Bass foundry at 4 o'clock yesterday afternoon that he died at Hope hospital at 11 o'clock last night as a result of the accident. Mr. Pollitz was a moulder's helper, working in the car and wheel department, of which Robert Cran is the foreman, and was a member of Moulder George Thompson's gang. He was in the act of pulling a ladle full of molten iron, which was suspended from the crane, around to the cast, when he tripped and fell backwards, in a sitting posture, into the cast. At the same time the ladle was tilted sufficiently to allow a quantity of the hot metal to pour out, completely enveloping Mr. Pollitz from his chin to his knees, burning his entire body and the upper portion of his legs into a crisp. The accident was witnessed by the men in that part of the room and every effort was made to assist the unfortunate man, but little could be done to relieve the anguish he was enduring. Pollitz was carried to the office, where a bed was made for him from blankets secured at a near-by house, and Dr. E. E. Morgan gave the wound temporary dressing, removing him to Hope hospital in the city ambulance a few moments later. There a more thorough examination was made and the attending surgeons decided that the injuries would prove fatal. The flesh of the body was burned so badly that it came off in great patches as the clothing was removed. Pollitz suffered intensely until about 9 o'clock, when he became more restful, but from the first there was but little ground for hope for his recovery, and at 11 o'clock he passed away.

Mr. Pollitz was a native of Walesrode, Germany, and was 49 years old. He came to this city eighteen years ago and took a position at the Miller brick yard, where he was employed ten years. Eight years ago he entered the employ of the Bass company and worked in the foundry department as a helper up to the hour of his fatal accident. He was married and the widow and two daughters—Mrs. A. Linnemeier and Miss Sophie Pollitz—survive him.

Johnson Knocked Them Out.

While O. L. Johnson, a colored man employed at the works, was aiding in taking care of Fred Pollitz during the interval between the accident at the Bass foundry and the arrival of the ambulance which was to convey the injured man to the hospital, he was annoyed by the action of some men, not connected with the foundry, who insisted on directing the work. Pollitz was suffering excruciatingly and every time Mr. Johnson moved him, which he did as gently as possible, the wounded man cried out with pain. The spectators referred to unjustly accused the colored man of roughness and applied foul epithets to him. Johnson remained quiet until the wounded man was placed in the ambulance and was on his way to the hospital, when he remonstrated with the five fellows who had been abusing him. The quarrel soon led to blows and in less time than it takes to write this Johnson walloped the entire party, knocking each man down. Johnson is said to be a good-natured and quiet fellow and the men at the foundry were greatly surprised at his display of courage and belligerency in the manner told in the foregoing lines.

A Record Breaking Run.

Engineer "Sandy" Hilliker, of the Pennsylvania, made a run with eastbound mail train No. 18 this morning which beats the record of runs over that stretch of track, the circumstances under which it was accomplished being considered. No. 18 was made up of eight cars this morning and was considerably behind time when it reached Valparaiso. There the word was given "Sandy" to make up as much of the lost time as possible in the run to Fort Wayne and he did better than was expected. The 104 miles to this city was covered in 114 minutes, including one full stop and seven slow-ups, the latter at places where men are engaged in putting in new tracks and new switches. Allowing a loss of three minutes for each stop and slow-up and deducting it from the time consumed in making the run, it leaves the actual running time of the train ninety minutes, or about seventy-five miles an hour. Ed Ashton was the fireman and Conductor Maurice Prindeville had charge of the train. It was hauled by engine 7177, one of the big E-2-A flyers.

Freight Agents Hold Meeting.

The local freight agents held a meeting yesterday afternoon to arrange for the distribution of the new book of rules governing demurrage and the car service generally. The books are being mailed today direct to the shippers and patrons of the railways. The new rules are not pleasing to the shippers and a general protest has been made against the enforcement of them. Tomorrow Mr. Mummert, general manager of the Indiana Car Service association, will meet the Commercial club in the latter's rooms for the purpose of discussing the car service rules.

Shop Clerk Will Marry.

Ed J. Lindeman, a clerk in Shop Clerk J. H. Hobrock's office at the Pittsburg shops, and Miss Heller, of Washington boulevard, will be married this evening at the home of the bride. Both parties are well known and popular and the coming wedding is attracting considerable interest among the friends of the parties most concerned in it. Mr. Lindeman was for a short time engaged in the insurance business down town and is also well known in business circles.

Excursion Will Occur.

All the matters of doubt concerning the date of the Pennsylvania employes' excursion this summer were removed last night when it was announced by the officials that the choice of time as expressed by the men some days ago had been granted and the excursion would be given June 20. The committees will now go ahead with the arrangements and will endeavor to make the coming event equal in a pleasurable way to past events of its kind, if it does not surpass them. The Sentinel will publish the program of events on the ground and water in a few days.

Clerk Transferred.

F. E. Kiefer has been transferred from the Columbus, Sandusky and Hocking offices in Columbus, Ohio, to the motive power offices of the Pennsylvania, in this city, and assigned to the desk vacated by Ed Bittler when that gentleman resigned to take a position with the People's Trust company. Mr. Keifer has had considerable experience in a clerical way and is well equipped for the duties he has assumed.

Brick Yard Siding Completed.

The Lake Shore company has completed a ten-car siding at the brick yards of the new company, two miles out from the city, and will open it for business tomorrow morning. That promises to be a busy place as soon as the manufacture of brick is under full headway. Brick are scarce and a number of buildings are at a standstill on this account, included being the addition to the Wabash shops. There the masons ran out of brick last night and are not working today.

Took in Four Applicants.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen, at its meeting last Monday evening, took in four new members. They were F. A. Lindner, A. G. Eligh, A. Armstrong and William Koch, all employes of the Pennsylvania company. Sunday morning the lodge had a special session, at which there were three or four applicants initiated, making seven or eight within four days, which are coming pretty fast.

Lot of Laborers Arrive.

A carload of Italian laborers, about forty in number, arrived in the city this morning and were immediately taken out to Adams station, where they will work on the improvements the Pennsylvania company is making there and in the east yards. The foreigners will be housed and fed in box cars that have been equipped for that purpose.

Heater Has Neck Burned.

Frank Robel, a heater at the Pittsburg blacksmith shop, was burned on one side of his neck and ear last night. He was in the act of putting fuel into a furnace and when he opened the door the flames shot out with the result mentioned. He will be off duty several days as a result of the accident.

Battery and Oil House Burned.

The local Pennsylvania officials have information concerning the burning of the Twelfth street passenger yards, storage battery house and the oil house, at Chicago, which occurred yesterday. Destruction was complete and the loss is estimated at about $1,000.

Thrown From His Train.

Brakeman Routan, of the Wabash, got into a controversy with some tramps who were stealing a ride on Wabash fast freight No. 92, yesterday morning, and the hobos seized him and hurled him from the train near Spencerville. When the train reached Montpelier Conductor Maur missed the brakeman and instituted a search for him. Routan was soon discovered running along the tracks in his efforts to overtake the train. He was not hurt.

Had His Hands Burned.

George Thompson, a moulder at the Bass foundry, will be off duty some days on account of a badly burned hand and arm. Mr. Thompson received his injuries while endeavoring to prevent the accident which resulted in the death of Fred Pollitz, an account of which appears elsewhere in this paper. A lot of the molten iron was splashed upon Mr. Thompson.

Industrial Notes.

J. E. Noble, of the Bass works, sold a boiler yesterday to Krick, Tyndall & Co., Decatur.

C. H. Philley, who had been sick three or four days, resumed work in the Pittsburg blacksmith shop this morning.

Mr. and Mrs. Opdyke are moving to this city from Montpelier, Ohio. Mr. Opdyke is employed on the Nickel Plate road.

G. Brademiller, a cab builder at the Pennsylvania shops, reported for duty this morning. He had a hand injured a month ago.

Mr. and Mrs. H. Curtis will attend commencement exercises at Argus next Friday. Mr. Curtis is employed at the Nickel Plate round house.

D. B. Howard, auditor of the Wabash, is pronounced one of the foremost accountants of the world. He is the originator of the universal rule and standard method of accounting, and is an expert in that line.

The clerks in the Pennsylvania motive power office this morning challenged those in Shop Clerk J. H. Hobrock's office for a game of ball, to be played next Saturday. The challenge will be accepted.

The auditors in the counties through which the Cleveland, Akron and Columbus road passes have increased the tax assessment to an aggregate of $200,000. The Cleveland, Akron and Columbus is a Pennsylvania property.

Mr. and Mrs. J. H. Scott and two daughters, of Crestline, are in the city, visiting the families of C. A. Scott and E. C. Pressler. Mr. Scott is a Pennsylvania yard conductor and a prominent citizen of Crestline, being a member of the city council.

A 600-light generator to Hastings, Mich., and a 360 and a 200-light generator to Pittsburg were among the shipments from the Fort Wayne Electric works this morning. The two last named machines will become parts of a lighting plant on a river steamer.

Mrs. O. E. Maxwell, wife of the Pennsylvania engineer, left for Chicago this morning, for a short visit with her sister. Mrs. Mendenhall, the mother of Mr. Maxwell, who makes her home with that gentleman, also left for Bourbon, where she will visit a few days.

The bill recommended by the governor of Wisconsin prohibiting railway companies from increasing freight rates passed the assembly of that state on Saturday by a vote of 55 to 37. The bill before passed, however, was so amended that if at any time it appears to the satisfaction of the railway commissioner that a rate is too low, he may increase it. The law becomes effective on July 1.

M. B. Johnson, who represented Friendship lodge, No. 70, at the Milwaukee convention of the International Association of Machinists, returned home Sunday night and at a meeting of the local union Monday night he made his report of the convention, which was one of the best the machinists ever held. The important part of the proceedings were given in The Sentinel's telegraphic columns during the sessions of the grand lodge.

The work of elevating the Pennsylvania tracks in New Brunswick is nearing completion and the contractor turned over one-half of them to the company last Monday. The improvements, which will cost the Pennsylvania Railroad company over $6,000,000, include the Raritan river bridge, which alone will cost $2,000,000. It is the largest stone arch bridge in the world, being 1,470 feet long, with twenty-one spans of sixty-five feet each.

The Big Four has authorized the construction department to go on with the work of building a new freight depot at Anderson, Ind., and one at Marion. The one at Anderson will be 492 feet long, and with outside platform forty feet wide. At Marion the depot will be just double its present capacity. In making room for enlargement of the depot thirteen double houses have been removed and the ground cleared for extending track facilities as well at that point.

The practice of throwing rice, old shoes and other things at bridal parties when they appear at the depots is a nuisance that the railway attaches would gladly abate. The Pittsburg waiting rooms and platform were literally covered with rice last night, the cereal having been fired at Mr. and Mrs. John Hess, who were about to depart upon their wedding trip. The porter of the Pullman car became indignant and refused to let the bride and groom enter until he was satisfied that there would be no rice thrown in the car. Mr. Hess is the foreman of the Noble machine works and is a very worthy and popular man.

CURED WHEN OTHERS FAILED

MRS. FRANCES MITCHELL,

Secretary, North Chicago Fraven Verein, 1056 Winnemac Ave., Chicago, Ill. says

CHICAGO, ILL., 1056 Winnemac Avenue, Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Mrs. Frances Mitchell

Fully 1,500,000 afflicted American women have been cured of female diseases in the privacy of their homes by Wine of Cardui and everyone of them would give it the same praise Mrs. Mitchell gives.

Every weak woman needs Wine of Cardui. What better present could be taken to a suffering relative or friend than a bottle of this great medicine? That is the quickest and most satisfactory way to bring joy to the despondent sufferers in your home—to really make your loved ones happy. Can you read Mrs. Mitchell's letter without feeling your responsibility to the sufferers in your home? Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhœa. It cures extreme cases of these troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has $1.00 bottles of Wine of Cardui.

If its a good thing Seavey's have it

For Her

You could not please her better than by making her a present of a Cream City Flour Bin and Sifter. It's half a Bakery. Holds the flour, sifts it and puts just as much in the receptacle as you want. That's more than any other contrivance does. It's like this: There's a tin (can't splinter) holding place where the flour stays sweet and clean till it's wanted. Over the reel is a shield which keeps the weight off and the crank from clogging, and prevents the grinding through of impurities. Under the sieve is a convenient pan that catches every speck of the down-coming flour. A gift that she will appreciate. Price, $1.50.

SHOP AND RAIL PERSONAL ITEMS

The employes of the Fort Wayne Electric works were paid today.

C. E. Collins, foreman of the winding room at the Fort Wayne Electric works, has gone to Kansas City to visit his mother.

Daniel Bevelheimer, the retired Pennsylvania crossing watchman, left for LaPorte, Ind., this morning, for a few days' visit with his sister.

Harry E. Overly and John Maley are sick and C. D. Fricke and A. J. Huber are attending to private business today. They are Pittsburg shopmen.

The "Imperial limited," which will run from the Atlantic to the Pacific coast in ninety-seven hours, over the Canadian Pacific road, will go into service June 7.

About 400 immigrants passed through the city over the Nickel Plate road early this morning, the company running its No. 5 in two sections for the accommodation of the travelers.

Louis Schelhammer, of the Pittsburg boiler shop, is off duty on account of an accident to his wife yesterday. The lady fell down the cellar stairs at her home.

Miss Anna Ahearn resumed her place behind the lunch counter at the McKinnie house, at the Pennsylvania depot, this morning, after a week's vacation.

Ed Donnelly had his right hand, including the index finger, severely lacerated yesterday while at work in the Pittsburg freight house. Dr. C. B. Stemen attended him.

Conductor W. B. Kitselman, of the Nickel Plate, was thrown against the side of his caboose a day or two ago, and his left hand was slightly cut and bruised. He considered the wound a trifling matter and paid but little attention to it until it began to cause considerable pain, when he made the discovery that he had caught cold in it. The hand was swollen to double its normal condition and is so painful that Mr. Kitselman has been compelled to lay off and seek the aid of a doctor.

C. H. Newton, of Toledo, was in the city a couple of hours yesterday, on his way to Peru to attend the formal dedication of the Railroad Y. M. C. A., which occurred last night.

The Ladies' auxiliary to the Brotherhood of Locomotive Engineers is holding a reception in honor of the new members this afternoon. Some applicants will also be initiated at the meeting.
